Under the Euro Medium Term Note Programme described in this Base Prospectus (the “**Programme**”), Aéroports de Paris (“**ADP**” or the “**Issuer**”), subject to compliance with all relevant laws, regulations and directives, may from time to time issue Euro Medium Term Notes (the “**Notes**”). The aggregate nominal amount of Notes outstanding will not at any time exceed Euro 10,000,000,000 (or the equivalent in other currencies).

This Base Prospectus constitutes a base prospectus for the purposes of article 8 of Regulation (EU) 2017/1129, as amended (the “**Prospectus Regulation**”). This Base Prospectus received the approval number 24-488 on 18 November 2024 from the *Autorité des marchés financiers* (the “**AMF**”) and shall be in force for a period of one (1) year as of the date of its approval by the AMF. The obligation to supplement this Base Prospectus in the event of a significant new factor, material mistake or material inaccuracy does not apply when this Base Prospectus is no longer valid.

This Base Prospectus has been approved by the AMF in France in its capacity as competent authority pursuant to the Prospectus Regulation. The AMF only approves this Base Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the Prospectus Regulation. Such approval should not be considered as an endorsement of the Issuer or of the quality of the Notes which are the subject of this Base Prospectus. Investors should make their own assessment as to the suitability of investing in the Notes.

Application may be made to Euronext Paris for the period of twelve (12) months from the date of approval by the AMF of this Base Prospectus for Notes issued under the Programme to be admitted to trading on the regulated market of Euronext in Paris (“**Euronext Paris**”) and/or to the competent authority of any other Member State of the European Economic Area (“**EEA**”) for Notes issued under the Programme to be admitted to trading on a Regulated Market (as defined below) in such Member State. Euronext Paris is a regulated market for the purposes of the Markets in Financial Instruments Directive 2014/65/EU, as amended, appearing on the list of regulated markets issued by the European Commission (a “**Regulated Market**”). However, Notes that are not admitted to trading on a Regulated Market may be issued pursuant to the Programme.

The relevant final terms (the “**Final Terms**”) (a form of which is contained herein) in respect of the issue of any Notes will specify whether or not such Notes will be admitted to trading and, if so, the relevant Regulated Market in the EEA.

Notes admitted to trading on a Regulated Market in a member state of the EEA in circumstances which require the publication of a prospectus under the Prospectus Regulation will have a minimum denomination of at least €100,000 (or, if the Notes are denominated in a currency other than euro, the equivalent amount in such currency).

Notes shall be issued in dematerialised form as more fully described herein.

The Notes will at all times be in book-entry form in compliance with Articles L.211-3 *et seq.* and R.211-1 *et seq.* of the French *Code monétaire et financier*. No physical documents of title will be issued in respect of the Notes. The Notes may, at the option of the Issuer, be (i) in bearer form (*au porteur*) inscribed as from the Issue Date (as defined herein) in the books of Euroclear France S.A. (“**Euroclear France**”) (acting as central depository) which shall credit the accounts of the Account Holders (as defined in “*Terms and Conditions of the Notes - Form, Denomination(s), Title and Redenomination*”) including Euroclear Bank SA/NV (“**Euroclear**”) and the depository bank for Clearstream Banking S.A. (“**Clearstream**”) or (ii) in registered form (*au nominatif*) and, in such latter case, at the option of the relevant Noteholder (as defined in Condition 1(c)(iii)), in either fully registered form (*nominatif pur*), in which case they will be inscribed either in an account maintained by the Issuer or by the registration agent (designated in the relevant Final Terms) for the Issuer, or in administered registered form (*nominatif administré*) in which case they will be inscribed in the accounts of the Account Holders designated by the relevant Noteholder.

The Issuer’s long-term debt is rated A- stable outlook by S&P Global Ratings Europe Limited (“**S&P**”). S&P is established in the European Union and is registered under Regulation (EC) No. 1060/2009 on credit rating agencies, as amended (the “**CRA Regulation**”). S&P is included in the list of credit rating agencies registered in accordance with the CRA Regulation published on the European Securities and Markets Authority’s website (<https://www.esma.europa.eu/credit-rating-agencies/cra-authorisation>) as of the date of this Base Prospectus. Notes issued pursuant to the Programme may be unrated or rated differently from the current ratings of the Issuer. The rating of the Notes, if any, will be specified in the relevant Final Terms. The relevant Final Terms will specify whether or not such credit ratings are issued by a credit rating agency established in the European Union and registered under the CRA Regulation. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change or withdrawal at any time by the assigning rating agency.

The Final Terms of the relevant Notes will be determined at the time of the offering of each Tranche and will be set out in the relevant Final Terms.

The Base Prospectus, any documents incorporated by reference herein, any supplement thereto and the Final Terms will be available on the website of the Issuer (<https://www.parisaeroport.fr/groupe/finances/information-reglementee-amf>) and, as the case may be, on the website of the AMF (www.amf-france.org) and may be obtained without charge from the registered office of the Issuer during normal business hours.

No person has been authorised to give any information or to make any representation other than those contained or incorporated by reference in this Base Prospectus in connection with the issue or sale of the Notes and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer or the Dealers (as defined in “*General Description of the Programme*”). Neither the delivery of this Base Prospectus nor any sale made in connection herewith shall, under any circumstances, create any implication that there has been no change in the affairs of the Issuer or the Group since the date hereof or the date upon which this Base Prospectus has been most recently supplemented or that there has been no adverse change in the financial position of the Issuer or the Group since the date hereof or the date upon which this Base Prospectus has been most recently supplemented or that any other information supplied in connection with the Programme is correct as of any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same.

Each prospective investor in the Notes must determine, based on its own independent review and such professional advice as it deems appropriate under the circumstances, that its acquisition of the Notes is fully consistent with its financial needs, objectives and condition, complies and is fully consistent with all investment policies, guidelines and restrictions applicable to it and is a fit, proper and suitable investment for it, notwithstanding the clear and substantial risks inherent in investing in or holding the Notes.

A prospective investor may not rely on the Issuer or the Dealers or any of their respective affiliates in connection with its determination as to the legality of its acquisition of the Notes or as to the other matters referred to above.

Neither the Issuer, the Dealers nor any of their respective affiliates has or assumes responsibility for the lawfulness of the acquisition of the Notes by a prospective investor in the Notes, whether under the laws of the jurisdiction of its incorporation or the jurisdiction in which it operates (if different), or for compliance by that prospective investor with any law, regulation or regulatory policy applicable to it. The distribution of this Base Prospectus and the offering or sale of the Notes in certain jurisdictions may be restricted by law. Persons into whose possession this Base Prospectus comes are required by the Issuer and the Dealers to inform themselves about and to observe any such restriction. For a description of certain restrictions on offers and sales of Notes and on distribution of this Base Prospectus, see “*Subscription and Sale*”.

MiFID II PRODUCT GOVERNANCE / TARGET MARKET – The Final Terms in respect of any Notes may include a legend entitled “MiFID II Product Governance” which will outline the target market assessment in respect of the Notes, taking into account the five (5) categories referred to in item 19 of the Guidelines published by the European Securities and Markets Authority (“ESMA”) on 3 August 2023 and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a “distributor”) should take into consideration the target market assessment; however, a distributor subject to Directive 2014/65/EU (as amended, “MiFID II”) is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the MiFID product governance rules under Commission Delegated Directive (EU) 2017/593 (the “MiFID Product Governance Rules”), any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID Product Governance Rules. For the avoidance of doubt, the Issuer is not a MiFID II regulated entity and does not qualify as a distributor or a manufacturer under the MiFID Product Governance Rules.

UK MiFIR PRODUCT GOVERNANCE / TARGET MARKET – The Final Terms in respect of any Notes may include a legend entitled “UK MiFIR Product Governance” which will outline the target market assessment in respect of the Notes, taking into account the five (5) categories referred to in item 18 of the Guidelines published by ESMA on 5 February 2018 (in accordance with the FCA’s policy statement entitled “*Brexit our approach to EU non-legislative materials*”), and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a “distributor”) should take into consideration the target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the “UK MiFIR Product Governance Rules”) is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the UK MiFIR Product Governance Rules, any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the UK MiFIR Product Governance Rules. For the avoidance of doubt, the Issuer is not a UK MiFIR regulated entity and does not qualify as a distributor or a manufacturer under the UK MiFIR Governance Rules.

PRIIPs IMPORTANT – PROHIBITION OF SALES TO EEA RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the EEA. For these purposes, a retail investor means a person who is one (or both) of: (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; or (ii) a customer within the meaning of Directive (EU) 2016/97 (as amended or superseded, the “IDD”), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II. Consequently, no key information document required by Regulation (EU) No 1286/2014 (as amended, the “PRIIPs Regulation”) for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

UK PRIIPs IMPORTANT - PROHIBITION OF SALES TO UK RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the UK. For these purposes, a retail investor means a person who is one (or both) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (“EUWA”); or (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act 2000, as amended (“FSMA”) and any rules or regulations made under the FSMA to implement the IDD, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA. Consequently, no key information document required by Regulation (EU) No 1286/2014 as it forms part of UK domestic law by virtue of the EUWA (the “UK PRIIPs Regulation”) for offering or selling the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the PRIIPs Regulation.

THE NOTES HAVE NOT BEEN AND WILL NOT BE REGISTERED UNDER THE U.S. SECURITIES ACT OF 1933, AS AMENDED (THE “SECURITIES ACT”) NOR WITH ANY SECURITIES REGULATORY AUTHORITY OF ANY STATE OR OTHER JURISDICTION OF THE UNITED STATES AND INCLUDE NOTES IN BEARER FORM THAT ARE SUBJECT TO U.S. TAX LAW REQUIREMENTS. FOR A DESCRIPTION OF CERTAIN RESTRICTIONS ON OFFERS AND SALES OF NOTES AND ON DISTRIBUTION OF THIS BASE PROSPECTUS, SEE “*SUBSCRIPTION AND SALE*”.

Potential purchasers and sellers of the Notes should be aware that they may be required to pay taxes or documentary charges or duties in accordance with the laws and practices of the jurisdiction where the Notes are transferred or other jurisdictions. In some jurisdictions, no official statements of the tax authorities or court decisions may be available for financial instruments such as the Notes. In particular, potential investors are warned that the tax laws of the investor’s jurisdiction or of France (the Issuer’s country of incorporation) might have an impact on the income received from the

Notes. Potential investors cannot rely upon the tax overview contained in this Base Prospectus but should ask for their own tax adviser's advice on their individual taxation with respect to the acquisition, holding, disposal and redemption of the Notes. Only these advisers are in a position to duly consider the specific situation of the potential investor.

One or more independent credit rating agencies may assign credit ratings to the Notes and the Issuer. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed in the section "*Risk factors*", and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time.

No action has been taken by the Issuer or the Dealers which would permit a public offering of any Notes or distribution of this Base Prospectus in any jurisdiction where action for that purpose is required other than in compliance with Article 1.4 of the Prospectus Regulation. Accordingly, no Notes may be offered or sold, directly or indirectly, and neither this Base Prospectus nor any Final Terms or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations and the Dealers have represented that all offers and sales by them will be made on the same terms. Persons into whose possession this Base Prospectus comes are required by the Issuer and the Dealers to inform themselves about and to observe any such restriction.

Neither this Base Prospectus nor any Final Terms constitutes an offer of, or an invitation by or on behalf of the Issuer or the Dealers to subscribe for, or purchase, any Notes.

Neither this Base Prospectus nor any other financial statements or any other information incorporated by reference are intended to provide the basis of any credit or other evaluation and should not be considered as a recommendation by any of the Issuer or the Dealers that any recipient of this Base Prospectus or any other financial statements or any other information incorporated by reference should purchase the Notes.

The Dealers have not separately verified the information contained or incorporated by reference in this Base Prospectus. The Dealers do not make any representation, express or implied, and do not accept any responsibility, with respect to the accuracy or completeness of any of the information in this Base Prospectus. Each potential purchaser of Notes should determine for itself the relevance of the information contained in this Base Prospectus and its purchase of Notes should be based upon such investigation as it deems necessary. The Dealers do not undertake to review the financial condition or affairs of the Issuer or the Group during the life of the arrangements contemplated by this Base Prospectus nor to advise any investor or potential investor in the Notes of any information coming to the attention of the Dealers.

RISK FACTORS

The Issuer believes that the following factors may affect its ability to fulfil its obligations under the Notes and may be material for the purpose of assessing the market risks associated with Notes issued under the Programme. All of these factors are contingencies which may or may not occur.

Factors which the Issuer believes are specific to the Issuer or the Group and/or the Notes and material for an informed investment decision with respect to investing in Notes issued under the Programme are also described below.

The Issuer believes that the factors described below and in the documents incorporated by reference represent the principal inherent risks in investing in Notes issued under the Programme, but the inability of the Issuer to pay interest, principal or other amounts on or in connection with any Notes may occur for other reasons and the Issuer does not represent that the statements below regarding the risks of holding any Notes are exhaustive.

Prospective purchasers of Notes should also, in light of their financial circumstances and investment objectives, read the detailed information set out elsewhere in this Base Prospectus (including the relevant sections of any documents incorporated by reference herein) and reach their own views prior to making any investment decision. Investors should in particular conduct their own analysis and evaluation of the risks relating to the Issuer, its financial condition and the Notes.

In each sub-category below the Issuer sets out first the most material risk, in its assessment, taking into account the expected magnitude of their negative impact and the probability of their occurrence.

Words and expressions defined in the "Terms and Conditions of the Notes" below or elsewhere in the Base Prospectus have the same meanings in this section. In this section, reference to a "Condition" is a reference to the numbered paragraphs in the "Terms and Conditions of the Notes", unless otherwise specified.

I RISKS RELATING TO THE ISSUER AND ITS OPERATIONS

Risks factors relating to the Issuer and its activity are described (i) on pages 156 to 175 of the 2023 Universal Registration Document and (ii) on pages 30 to 31 of the 2024 Half-Year Financial Report (as defined in section "Documents Incorporated by Reference"). The 2023 Universal Registration Document and the 2024 Half-Year Financial Report are incorporated by reference into this Base Prospectus and include the following risk factors relating to the Issuer and its activity:

- risks for the business and social model;
- risks of external threats;
- risks related to the maintenance, robustness and development of airport capacities;
- risks related to environmental and social developments; and
- risks related to compliance and the Issuer's culture.

In the Issuer's assessment, there has been no change in the number and severity of risks factors relating to the Issuer and its activity since the publication of the 2024 Half-Year Financial Report, except that, as disclosed below, (i) risk referred to as 1 – B: "*Risks related to airport economic regulation, particularly in Paris*" (appearing on page 159 of the 2023 Universal Registration Document) is updated without any change in its net criticality, (ii) risk referred to as 1 – E: "*Liquidity risks*" (appearing on page 161 of the 2023 Universal Registration Document) is updated without any change in its net criticality and (iii) risk referred to as 5 – D: "*Risks related to regulatory changes*" (appearing on page 175 of the 2023 Universal Registration Document) is updated and its net criticality is increased from Low to Medium criticality.

Risk referred to as 1 – B: "*Risks related to airport economic regulation, particularly in Paris*" (appearing on page 159 of the 2023 Universal Registration Document) is hereby replaced by the following without any change in its net criticality:

Uncertainties about the legal framework of regulation and the decision-making practices of ART are likely to affect Groupe ADP's business model

Criticality +++

Evolution in 2024 →

Detailed description of the risk factor

Airport fees are levied for airport public services provided at Paris-Charles de Gaulle, Paris-Orly and Paris-Le Bourget airports to airlines and ground-handling service providers.

The conditions under which fee rates are set are mainly governed by the provisions of the French Transport Code and, on an optional basis, by an economic regulation agreement. The latter may be signed with the State to establish, on a multi-year basis, the conditions for changing fees in relation to a defined investment programme and to set service quality objectives. No economic regulation agreement is in force following the COVID crisis.

Fees are subject to annual approval by the French Transport Regulatory Authority (ART). As part of its control, the ART ensures that the rates and their adjustments, proposed by ADP, comply with the general rules applicable to fees, are non-discriminatory and that their evolution, compared to the rates in force, is moderate. In addition, it ensures that ADP receives a fair return on the capital invested, assessed in light of the weighted average cost of capital calculated for its scope of regulated activities, and that the overall income from fees does not exceed the cost of services rendered.

In the event the last approval is more than twenty-four months old, the ART may set the rates of the fees and their adjustments for the following pricing period.

In addition, the ART is responsible for determining the principles governing the accounting allocation of income, assets and expenses for airports within its remit. The change in cost accounting principles is likely to have an impact on the profitability of each of the regulated and non-regulated scopes, it being recalled that the profitability of airport public service activities (aeronautical fund) is capped since the overall revenue from airport fees may not exceed the cost of services rendered (including return on capital invested). On 11 April 2022, the ART took two decisions relating to the allocation rules: one concerning the general principles relating to cost accounting and the other concerning the guidelines relating to the interpretation and scope of these principles.

Lastly, on 4 December 2023, the ART published the decision on the adoption of guidelines for the assessment of the weighted average cost of capital (WACC) levels of the regulated scopes of the airports falling within its remit.

ADP's estimate of the WACC for the 2024 pricing period is 6.67%.

Potential effects for the Group

- Deterioration of the Group's financial performance
- Reconsideration of the business model
- Excessive regulatory compliance costs
- Loss of market share

Interconnected risks

- Risks related to the economic trajectory
- Liquidity risks

MAIN RISK MANAGEMENT SYSTEMS

On 20 November 2023, ADP submitted to the ART for approval the fee rates proposed for the 2024-2025 tariff period (applicable from 1 April 2024).

In order to offset part of the new tax burden resulting from Article 15 of the Finance Act for 2024 which introduces a tax on the revenue of long-distance transport infrastructure operators to which Aéroports de Paris is subject, and to maintain its investment capacity, the price evolution submitted by ADP to the ART for its approval, amounts to +4.5% on average (excluding fees for assistance to people with disabilities and reduced mobility) for Paris-Charles de Gaulle and Paris-Orly, and +5.4% on average for Paris-Le Bourget, compared to the tariffs for the 2023 tariff period.

By its decision No. 2024-001 of 18 January 2024, the ART approved the airport fees for Aéroports de Paris for the 2024 tariff period. In its decision, the ART confirmed that the share retained in the price proposal of Aéroports de Paris of the tax on long-distance transport infrastructure, created by the Finance Act for 2024, could well be covered by airport fees.

With regard to the accounting allocation rules, ADP has undertaken, since May 2022, an important consultation process with user representatives. This consultation has continued in 2024. In addition, the ART provides, in its guidelines, for transitional provisions, on an exceptional basis, until 31 December 2025.

Aéroports de Paris notified on 18 October 2024 to the ART, the tariffs set for the 2025 tariffs period (from 1 April 2025 to 31 March 2026):

- For the Paris-Charles de Gaulle and Paris-Orly platforms, the average increase is +4.5, including the increase by +25% of the PRM fee;
- For Paris-Le Bourget, an average increase of fees by +5.5%.

The ART has two months from the date of notification to issue its decision on the approval of the tariff proposal.

Risk referred to as 1 – E: "*Liquidity risks*" (appearing on page 161 of the 2023 Universal Registration Document) is hereby replaced by the following without any change in its net criticality:

Groupe ADP's cash level must remain sufficient to meet its contractual and financial commitments

Criticality ++

Evolution in 2024 →

Detailed description of the risk factor

The Group must be able to meet its contractual and financial commitments on an ongoing basis and must therefore have cash flow calibrated accordingly. In addition to the risk of a lack of liquidity, there is the risk of additional financing costs for Groupe ADP, which could be exposed to an increase in its medium-term financial expenses due to future refinancing at higher interest rates than current ones.

Faced with the persistence of inflation caused by the geopolitical context since 2022 (supply chain malfunction, energy and commodity market malfunction (see also, risk 2 - B)), central banks, which have made fighting inflation their priority, have continued their key rate increases, causing all base rates to rise.

The increase constitutes a risk of the Group having to finance itself at a higher cost. Groupe ADP had a cash position of €1.9 billion as of 30 June 2024, of which €0.51 billion was held by TAV Airports.

In view of this available cash and its forecasts of financing needs over the next 12 months, the Group does not anticipate any liquidity difficulties, including considering that (i) on 7 May 2024, Aéroports de Paris successfully carried out a bond issue, the first since 2020, with a 7-year maturity and for an amount of 500 million euros and with an interest at a fixed rate of 3.375% and (ii) on 11 June 2024, Aéroports de Paris repaid the 500 million euros bond issued on 31st May 2012 with a fixed interest rate of 3.125%.

Potential effects for the Group

- Inability to honour commitments

- Recourse and litigation
- Damage to image/reputation
- Loss of stakeholder confidence

Interconnected risks

- Risks related to the economic trajectory
- Geopolitical risks

MAIN RISK MANAGEMENT SYSTEMS

In view of its long-term credit rating (A- stable outlook by the Standard & Poor's agency since 10 June 2024) and the level of available cash at the end of the first semester of 2024, Groupe ADP ensures that, in the event of a significant deterioration in the economic environment, it would be able to meet its commitments by drawing on its immediate cash resources (cash available without delay) and using additional financing.

On 7 May 2024, the Group raised a €500m new issue bond aimed at refinancing a €500m bond maturing on 11 June 2024, which was carrying a 3.125% coupon rate. Due to the attractive pricing achieved for this new issue (3.375% coupon rate), the subsequent increase in the debt service of ADP was limited. The Group was therefore only marginally impacted by interest rate increases. In addition, the fixed portion of the debt of the Group remains high, at 90% compared to 10% for the variable portion, thus limiting the impact of interest rate increases on outstanding borrowings (see Note 9.5.3 "Analysis of risks related to financial instruments" of the consolidated financial statements of the Group as of 30 June 2024, detailing the breakdown of fixed-rate/variable-rate financial debt).

In addition, Aéroports de Paris set up its first Euro Medium Term Notes (EMTN) programme in 2022 to enable it to launch bond issues within a short period of time. TAV issued a bond for an amount of US\$400 million on 30 November 2023, thus strengthening the level of liquidity available within its scope. This transaction also demonstrates the Group's good ability to access available liquidity on the financial markets.

Lastly, the Group uses management tools to monitor its cash flow on a daily basis and produces a consolidated cash flow forecast statement.

In addition, risk referred to as 5 – D: "*Risks related to regulatory changes*" (appearing on page 175 of the 2023 Universal Registration Document) is hereby replaced by the following and its net criticality is increased from Low to Medium criticality:

Groupe ADP must take into account the changes in the regulatory context applicable to its activities within a limited timeframe

Criticality ++

Evolution in 2024 ↗

Detailed description of the risk factor

New developments in a still uncertain regulatory framework, in particular extra-financial such as the implementation of the CSRD (Corporate Sustainability Reporting Directive) in 2024 and the preparation of the third vigilance plan, must be taken into account by Groupe ADP. These changes will require strong coordination at Group level to meet the requirements and anticipate the impacts of new regulations in financial and extra-financial communication.

In addition, the provisions of the draft Finance Bill for 2025 in France may change the rules for funding safety and security activities, with a possible increase of the remaining expenses to be borne by Aéroports de Paris. Based on estimates of the company's security expenses comprised between €500 million and €600 million a year for the coming years, the changes could impact operating income by about €55 to €60 million a year (as compared to the current impact of €30 to €35 million). Additionally, the draft Finance Bill for 2025 may raise the solidarity tax on airline tickets. Although this would not directly affect Groupe ADP, it might lower travel demand if ticket prices increase,

which could, in turn, slow down traffic growth.

Potential effects for the Group

- Financial consequences
- Delay or inability to develop the activities

Interconnected risks

- Risks related to the effects of climate change
- Risks of corruption and business integrity
- Compliance risks
- Risks related to the economic trajectory

MAIN RISK MANAGEMENT SYSTEMS

Groupe ADP has set up a CSRD project team, including representatives from all of the Group's French departments, to analyse the gaps between the ESG data and information available in the NFPS and the requirements of the CSRD and the taxonomy. An extension process to include controlled subsidiaries, also subject to the CSRD, is underway in early 2024. The Group will therefore gradually integrate indicators to anticipate the sustainability reporting required by the CSRD.

II RISKS RELATING TO THE NOTES

A. RISKS APPLICABLE TO ALL SERIES OF NOTES

French Insolvency Law

The Issuer is a *société anonyme* with its registered office in France. In the event that the Issuer becomes insolvent, insolvency proceedings will be generally governed by the insolvency laws of France to the extent that, where applicable, the “centre of main interests” (as construed under Regulation (EU) 2015/848, as amended) of the Issuer is located in France.

Directive (EU) 2019/1023 on preventive restructuring frameworks, on discharge of debt and disqualifications, and on measures to increase the efficiency of procedures concerning restructuring, insolvency and discharge of debt, and amending Directive (EU) 2017/1132 has been transposed into French law by Ordonnance n°2021-1193 dated 15 September 2021. Such Ordonnance has amended French insolvency laws notably with regard to the process of adoption of restructuring plans under insolvency proceedings. According to this Ordonnance, “affected parties” (including notably creditors, and therefore the Noteholders) shall be treated in separate classes for the purpose of adopting a restructuring plan. Classes shall be formed in such a way that each class comprises claims or interests with rights that reflect a sufficient commonality of interest based on verifiable criteria. Noteholders will no longer deliberate on the proposed restructuring plan in a separate assembly, meaning that they will no longer benefit from a specific veto power on this plan. Instead, as any other affected parties, the Noteholders will be grouped into one or several classes (with potentially other types of creditors) and their dissenting vote may possibly be overridden by a cross-class cram down.

The decision of each class is taken by a two-third (2/3rd) majority of the voting rights of the participating members, no quorum being required.

If the restructuring plan is not approved by all classes of affected parties, it can still be ratified by the court at the request of the Issuer or the receiver with the Issuer's consent and be imposed on dissenting classes through a cross-class cram down, under certain conditions.

For the avoidance of doubt, the provisions relating to the representation of Noteholders described in Condition 11 will not be applicable to the extent they are not in compliance with compulsory insolvency law provisions that apply in these circumstances.

The commencement of insolvency proceedings against the Issuer would have a material adverse effect on the market value of Notes. As a consequence, any decision taken by a class of affected parties, could negatively and significantly impact the Noteholders and cause them to lose all or part of their investment, should they not be able to recover all or part of the amounts due to them from the Issuer.

Modification of the Terms and Conditions of the Notes and waivers

Condition 11 contains provisions for collective decisions to consider matters affecting their interest generally to be adopted either through a general meeting (the “**General Meeting**”) or by consent following a written consultation (the “**Written Resolution**”). These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend or vote at the relevant General Meeting or did not consent to the Written Resolution and Noteholders who voted in a manner contrary to the majority. Collective decisions deliberate on proposals relating to the modification of the Terms and Conditions of the Notes subject to the limitation provided by French law and the Terms and Conditions of the Notes. If a decision is adopted by a majority of Noteholders and such modifications were to impair or limit the rights of the Noteholders, this may have a negative impact on the market value of the Notes and hence investors may lose part of their investment.

In addition, Condition 11 provides that the provisions of Article L.228-65 I. 1°, 3° and 4° of the French *Code de commerce*, respectively providing for a prior approval by the General Meeting of the Noteholders (i) of any proposal to change in corporate purpose or form of the Issuer, (ii) of any proposal to merge or demerge the Issuer in the cases referred to in Articles L.236-14 and L.236-23 of the French Code de commerce (only to the extent that such proposal relates to a merger or demerger with or into another entity of the Group) or (iii) of any proposal to issue bonds benefiting from a security interest (*sûreté réelle*) which does not benefit to the *Masse* shall not apply to the Notes. As a result of these exclusions, the prior approval of the Noteholders will not have to be obtained on any such matters which may affect their interests generally.

Credit Risk

As contemplated in Condition 3, the Notes are direct, unconditional, unsubordinated and unsecured obligations of the Issuer. An investment in the Notes involves taking credit risk on the Issuer. If the creditworthiness of the Issuer deteriorates, it may not be able to fulfil all or part of its payment obligations under the Notes, and investors may lose all or part of their investment.

B. RISKS RELATED TO A PARTICULAR ISSUE OF NOTES

1. Early redemption risks

Notes subject to optional redemption by the Issuer

The Issuer has the option, if so specified in the relevant Final Terms, to redeem the Notes under a Make-whole Redemption option as provided in Condition 6(b), a Residual Maturity Call Option as provided in Condition 6(c), a Clean-up Call Option as provided in Condition 6(d), a Call Option as provided in Condition 6(e) or an Acquisition Event Call Option as provided in Condition 6(h).

In particular, with respect to the Clean-up Call Option by the Issuer, there is no obligation under the Terms and Conditions of the Notes for the Issuer to inform Noteholders if and when the threshold of 75% of the initial aggregate principal amount of a particular Series of Notes has been reached or is about to be reached, and the Issuer’s right to redeem will exist notwithstanding that immediately prior to the serving of a notice in respect of the exercise of the Clean-up Call Option, the Notes may have been trading significantly above par, thus potentially resulting in a loss of capital invested.

With respect to the Redemption on Acquisition Event, the probability and risks related to the non-consummation of the proposed acquisition of the Acquisition Target (as defined in the relevant Final Terms) may depend on a variety of factors, including (but not limited to) securing competition, foreign investment and other regulatory approvals, obtaining

consents from commercial counterparties or creditors of the Acquisition Target, completing required employee consultation procedures and the implementation of the Group's strategy with respect to the particular Acquisition Target, some of which will be outside of the control of the Issuer. In addition, should the completion of the proposed acquisition of the Acquisition Target not be completed within the Acquisition Notice Period, the Issuer will have the right (but not the obligation) to exercise the Redemption on Acquisition Event at the Acquisition Event Redemption Amount (as defined in the relevant Final Terms) and in such case Noteholders would not receive the total return expected to be received on the Notes. Moreover, Noteholders that choose to reinvest monies they receive through a Redemption on Acquisition Event may be able to do so only in securities with a lower yield than the redeemed Notes. Conversely, if the proposed acquisition of the Acquisition Target is not consummated, and the Issuer determines not to redeem the Notes, the Notes will remain outstanding as obligations of the Issuer and the Acquisition Target will not be a member of the Group. The existence of these early redemption options in a particular Series of Notes could limit the market value of such Notes.

In addition, the Issuer may, and in certain circumstances shall, redeem the Notes in whole but not in part, further to the occurrence of certain withholding tax events described in Condition 6(k) and/or in case of illegality as described in Condition 6(n).

With respect to the Residual Maturity Call Option, if such option is specified as applicable in the relevant Final Terms, the Notes may be redeemed by the Issuer, in accordance with Condition 6(c) of the Terms and Condition of the Notes at any time as from (and including) the Residual Maturity Call Option Date (specified in the relevant Final Terms) until (but excluding) the Maturity Date.

Furthermore, the exercise of the Make-whole Redemption option by the Issuer may be subject to certain refinancing conditions referred to in the notice published by the Issuer in connection thereto and may in such case cause the notice to be revocable. However, even if notice is given in accordance with the provisions of Condition 6(b), in the event that such refinancing condition has not been satisfied, the Issuer may revoke such notice, in which case the redemption at the relevant Make-whole Redemption Amount pursuant to Condition 6(b) will not occur.

An optional redemption feature of Notes may have a significant impact on their market value. During any period when the Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. As a consequence, the yields received upon redemption may be significantly lower than expected. This also may be true prior to any redemption period. The Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, a Noteholder may not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. In addition, the redeemed face amount of the Notes may be lower than the purchase price for the Notes paid by the Noteholders. These could have a material adverse effect on the Noteholders who may lose all or a substantial part of the capital invested in the Notes.

All of the above may reduce the profits potential investors in the Notes may have expected in subscribing the Notes and could have significant financial impact on the Noteholders.

The Make-whole Redemption by the Issuer, the Redemption at the Option of the Issuer, the Redemption at the Option of the Noteholders, the Acquisition Event Call Option by the Issuer and the Put Option in case of Change of Control are exercisable in whole or in part and exercise of such options by the Issuer or the Noteholders, as the case may be, in respect of certain Notes may affect the liquidity of the Notes of the same Series in respect of which such option is not exercised

The Make-whole Redemption by the Issuer provided in Condition 6(b), the Redemption at the Option of the Issuer provided in Condition 6(e), the Redemption at the Option of the Noteholders provided in Condition 6(g), the Acquisition Event Call Option by the Issuer in Condition 6(h) and the Put Option in case of Change of Control provided in Condition 6(i) are exercisable in whole or in part.

If the Issuer decides to redeem the Notes in part only, such partial redemption shall be effected by application of a pool factor (corresponding to a reduction of the nominal amount of all such Notes in proportion to the aggregate nominal amount redeemed). The Issuer could also be compelled to redeem the Notes in part only if the Noteholders decide to exercise their Put Option (if specified in the relevant Final Terms), as provided in Condition 6(g) and/or their Put Option

in case of Change of Control (if specified in the relevant Final Terms) and if a Change of Control were to occur, as provided in Condition 6(i).

Depending on the proportion of the principal amount of all of the Notes so reduced, any trading market in respect of those Notes in respect of which such option is not exercised may become illiquid and Noteholders may lose part of their investment.

Notes subject to optional redemption by the Noteholders

In accordance with Condition 6(i) and Condition 6(g), (i) if so specified in the relevant Final Terms, the Noteholders are entitled to exercise a Put Option in case of Change of Control if a Put Event occurs and (ii) the Final Terms for a particular issue of Notes may provide for early redemption at the option of the Noteholders through the exercise of a Put Option. Exercise of a Put Option in respect of certain Notes may affect the liquidity of the Notes of the same Series in respect of which such option is not exercised.

Depending on the number of Notes of the same Series in respect of which the Put Option provided in the relevant Final Terms or the Put Option in case of Change of Control provided in the relevant Final Terms is exercised, any trading market in respect of those Notes in respect of which such option is not exercised may become illiquid, which shall in turn adversely impact those Noteholders from a financial point of view.

2. Interest rate risks

Fixed Rate Notes

As contemplated in Condition 5(b), the Issuer may issue Fixed Rate Notes bearing interest on its outstanding nominal amount from and including the Interest Commencement Date at the rate *per annum* (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrears or in advance on each Interest Payment Date.

Investment in Notes which bear interest at a fixed rate involves the risk that subsequent changes in market interest rates may adversely affect the value of the relevant Tranche of Notes. While the nominal interest rate of the Fixed Rate Notes is fixed during the term of such Notes, the current interest rate on the capital markets (“**market interest rate**”) typically varies on a daily basis. As the market interest rate changes, the market value of the Fixed Rate Notes would typically change in the opposite direction. If the market interest rate increases, the market value of the Fixed Rate Notes would typically fall, until the yield of such Notes is approximately equal to the market interest rate. If the market interest rate falls, the market value of the Notes would typically increase, until the yield of such Notes is approximately equal to the market interest rate. The degree to which the market interest rate may vary presents a significant risk to the market value of the Fixed Rate Notes if a Noteholder were to dispose of such Notes.

Floating Rate Notes

As contemplated in Condition 5(c), investment in Notes which bear interest at a floating rate comprise (i) a reference rate and (ii) a margin to be added or subtracted, as the case may be, from such base rate. Typically, the relevant margin will not change throughout the life of the Notes but there will be a periodic adjustment (as specified in the relevant Final Terms) of the reference rate (e.g., every three (3) months or six (6) months) which itself will change in accordance with general market conditions. Accordingly, the market value of Floating Rate Notes may be volatile if changes, particularly short term changes, to market interest rates evidenced by the relevant reference rate can only be reflected in the interest rate of these Notes upon the next periodic adjustment of the relevant reference rate. A key difference between Floating Rate Notes and Fixed Rate Notes is that interest income on Floating Rate Notes cannot be anticipated. Due to varying interest income, investors are not able to determine a definite yield of Floating Rate Notes at the time they purchase them, so that their return on investment cannot be compared with that of investments having longer fixed interest periods. If the Final Terms provide for frequent interest payment dates, investors are exposed to reinvestment risk if market interest rates decline. That is, investors may reinvest the interest income paid to them only at the relevant lower interest rates then prevailing. In addition, the Issuer’s ability to also issue Fixed Rate Notes may affect the market value and the secondary market (if any) of the Floating Rate Notes (and *vice versa*). Should the reference rate be at any time negative, it could, notwithstanding the existence of the relevant margin, result in the actual floating rate, consisting in the reference rate and the relevant margin, be lower than the relevant margin, provided that in no event will the relevant interest

amount be less than zero. As a result, Noteholders may lose all or part of their investments in the Notes and therefore their interests may be significantly negatively altered.

Fixed/Floating Rate Notes

As contemplated in Condition 5(d), the Fixed/Floating Rate Notes may bear interest at a rate that (i) the Issuer may elect to convert from a Fixed Rate to a Floating Rate, or from a Floating Rate to a Fixed Rate (the “**Issuer Change of Interest Basis**”), it being specified that the Issuer Change of Interest Basis shall be deemed effective after notification by the Issuer to the Noteholders within the period specified in the relevant Final Terms in accordance with Condition 13 of the Terms and Conditions of the Notes, or (ii) will automatically change from a Fixed Rate to a Floating Rate or from a Floating Rate to a Fixed Rate (the “**Automatic Change of Interest Basis**”), as specified in the relevant Final Terms. The conversion of the interest rate (whether automatic or optional) will affect the secondary market in, and the market value of, such Notes as the change of interest basis may result in a lower interest return for Noteholders. Where the Notes convert from a Fixed Rate to a Floating Rate, the spread on the Fixed/Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new Floating Rate at any time may be lower than the rates on other Notes. If the rate is automatically converted from a Floating Rate to a Fixed Rate, the Fixed Rate may be lower than then prevailing rates on its Notes and any such volatility may have an adverse effect on the market value of the Notes.

Investors should refer to risk factors set out in the risk factors entitled “Fixed Rate Notes” and “Floating Rate Notes”.

Zero Coupon Notes and Notes issued at a substantial discount or premium

As contemplated by Condition 5(e), the Issuer may issue Zero Coupon Notes. The market values of the Zero Coupon Notes, as well as other securities issued at a substantial discount or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest bearing securities with comparable maturities. Therefore, in similar market conditions, the holders of Zero Coupon Notes, as well as other securities issued at a substantial discount or premium from their principal amount, could be subject to higher losses on their investments than the holders of other instruments such as Fixed Rate Notes or Floating Rate Notes. Any such volatility may adversely affect the value of the Notes.

Reform and regulation of “benchmarks”

In accordance with the provisions of Condition 5(c), the Rate of Interest in respect of the Floating Rate Notes or the Fixed/Floating Rate Notes, as the case may be, may be determined by reference to Reference Rates that constitute “benchmarks” for the purposes of Regulation (EU) 2016/1011, as amended (the “**Benchmarks Regulation**”) published in the Official Journal of the EU on 29 June 2016 and applicable since 1 January 2018.

Interest rates and indices which are deemed to be “benchmarks” (including EURIBOR) are the subject of recent national, international and other regulatory guidance and proposals for reform. Some of these reforms are already effective while others are still to be implemented. These reforms may cause such benchmarks to perform differently than in the past, to disappear entirely, to be subject to revised calculation methods, or have other consequences which cannot be predicted. Any such consequences could have a material adverse effect on the liquidity and value of and return on any Notes linked to such a “benchmark”.

The Benchmarks Regulation applies to the provisions of “benchmarks”, the contribution of input data to a “benchmark” and the use of a “benchmark” within the EEA.

Notwithstanding the provisions of Condition 5(c)(iii)(E) (*Benchmark discontinuation*), which seek to mitigate any adverse effects for the Noteholders, the Benchmarks Regulation could have a material adverse impact on any Notes linked to a rate or index deemed to be a “benchmark”, in particular:

- an index that is a “benchmark” may not be permitted to be used by a supervised entity (including the Issuer) in certain ways if its administrator does not obtain authorisation or registration or, if based in a non-EU jurisdiction, the administrator is not recognised as equivalent or recognised or endorsed and the transitional provisions do not apply; and

- if the methodology or other terms of the “benchmark” are changed in order to comply with the requirement of the Benchmark Regulation. Such changes could, among other things, have the effect of reducing or increasing the rate or level or otherwise affecting the volatility of the published rate or level of the “benchmark” and as a consequence, Noteholders could lose part of their investment or receive less income than would have been the case without such change.

More broadly, any of the international or national reforms or the general increased regulatory scrutiny of “benchmarks”, could increase the costs and risks of administering or otherwise participating in the setting of a “benchmark” and complying with any such regulations or requirements.

Such factors may have the following effects on certain “benchmarks” (including EURIBOR): (i) discourage market participants from continuing to administer or contribute to certain “benchmarks”, (ii) trigger changes in the rules or methodologies used in certain “benchmarks”, or (iii) lead to the disappearance of certain “benchmarks”.

Any of the above changes or any other consequential changes as a result of international or national reforms or other initiatives or investigations, could have a material adverse effect on the value of and return on any Notes linked to or referencing a “benchmark”.

If a benchmark were discontinued or otherwise unavailable, the rate of interest on Notes which are linked to or which reference such benchmark will be determined for the relevant period by the fall-back provisions applicable to such Notes - please refer to the risk factor entitled *"The occurrence of a Benchmark Event could have a material adverse effect on the value of and return on any such Notes linked to or referencing such "benchmarks"'* below). However, such fallback provisions may be deviated from if deemed unsuitable by the relevant national authority, as further explained below. Depending on the manner in which a benchmark rate is to be determined under the Terms and Conditions, this may in certain circumstances (i) if ISDA Determination or FBF Determination applies, result in the application of a backward-looking, risk-free overnight rate, whereas the relevant benchmark is expressed on the basis of a forward-looking term and includes a risk-element based on inter-bank lending or (ii) if Screen Rate Determination applies, result in the effective application of a fixed rate based on the rate which applied in the previous period when the benchmark was available. Any of the foregoing could have an adverse effect on the value or liquidity of, and return on, any Notes linked to or referencing a “benchmark”.

The Benchmarks Regulation was amended by Regulation (EU) 2019/2089 of the European Parliament and of the Council of 27 November 2019 and further amended by Regulation (EU) 2021/168 of the European Parliament and of the Council of 10 February 2021 published in the Official Journal of the European Union on 12 February 2021 (the **“Amending Regulation”**).

The Amending Regulation introduces a harmonised approach to deal with the cessation or wind-down of certain benchmarks (such as EURIBOR) by conferring the power to designate a statutory replacement for certain benchmarks on the European Commission, such replacement being limited to contracts and financial instruments (such as certain Notes issued under the Programme) which contain no fallback provision or no suitable fallback provisions before the date of cessation of the benchmark concerned. These provisions could have a negative impact on the value or liquidity of, and return on, certain Notes issued under the Programme linked to or referencing such benchmark and may not operate as intended at the relevant time or may perform differently from the discontinued or unavailable benchmark. However, there are still uncertainties as to the exact implementation of this provision pending the implementing acts taken by the European Commission. In addition, the transitional provisions applicable to third-country benchmarks have been further extended until the end of 2025 by Commission Delegated Regulation (EU) 2023/2222 of 14 July 2023. Such developments may create uncertainty regarding any future legislative or regulatory requirements arising from the implementation of delegated regulations.

The occurrence of a Benchmark Event could have a material adverse effect on the value of and return on any such Notes linked to or referencing such “benchmarks”

Where Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, Condition 5(c)(iii)(E) (*Benchmark Discontinuation*) provides for certain fallback arrangements in the event that a Benchmark Event occurs, including if an inter-bank offered rate (such as EURIBOR) or other relevant reference rate (which could include, without limitation, any mid-swap rate, but shall exclude €STR, SOFR, TONA and

SONIA), and/or any page on which such benchmark may be published, becomes unavailable, or if the Issuer, the Calculation Agent, any Paying Agent or any other party responsible for the calculation of the Rate of Interest (as specified in the relevant Final Terms) are no longer permitted lawfully to calculate interest on any Notes by reference to such benchmark under the Benchmarks Regulation or otherwise.

Such fallback arrangements include the possibility that the rate of interest could be set by reference to a Successor Rate or an Alternative Rate (both as defined in Condition 5(c)(iii)(E)), with or without the application of an Adjustment Spread (which, if applied, could be positive or negative, and would be applied with a view to reducing or eliminating, to the fullest extent reasonably practicable in the circumstances, any economic prejudice or benefit (as applicable) to Noteholders arising out of the replacement of the relevant benchmark), and may include amendments to the Terms and Conditions of the Notes to ensure the proper operation of the successor or replacement benchmark, all as determined by the Independent Adviser and without the consent of the Noteholders.

In certain circumstances, including where no Independent Adviser has been appointed or no Successor Rate or Alternative Rate (as applicable) is determined or due to the uncertainty concerning the availability of Successor Rates and Alternative Rates and the involvement of an Independent Adviser, the relevant fallback provisions may not operate as intended at the relevant time. In all these circumstances other fallback rules might apply if the benchmark is discontinued or otherwise unavailable, which consist in the rate of interest for the last preceding Interest Accrual Period to be used for the following Interest Accrual Period(s), as set out in the risk factor above entitled “*Reform and regulation of “benchmarks”*”. This may result in the effective application of a fixed rate for Floating Rate Notes or the Fixed/Floating Rate Notes. Investors holding such Notes might incur costs from unwinding hedges. Moreover, in a rising interest rate environment, Noteholders will not benefit from any increase in rates.

Any such consequences could have a material adverse effect on the value of and return on any Notes and as a result, Noteholders may lose part of their investment.

Moreover, any of the above matters or any other significant change to the setting or existence of any relevant rate could affect the ability of the Issuer to meet its obligations under the Floating Rate Notes or the Fixed/Floating Rate Notes or could have a material adverse effect on the value or liquidity of, and the amount payable under, the Floating Rate Notes or the Fixed/Floating Rate Notes. Investors should note that, the Independent Adviser will have discretion to adjust the relevant Successor Rate or Alternative Rate (as applicable) in the circumstances described above. Any such adjustment could have unexpected commercial consequences and might not be favourable to each Noteholder.

The occurrence of a Benchmark Event could result in the loss of a portion of the principal amount invested in the relevant Floating Rate Notes or the Fixed/Floating Rate Notes.

The market continues to develop in relation to risk free rates (including overnight rates) as reference rates for Floating Rate Notes or Fixed/Floating Rate Notes

The market continues to develop in relation to risk free rates, such as the Euro short term rate (“€STR”), the Sterling Overnight Index Average (“SONIA”), the Tokyo Overnight Average (“TONA”) and the Secured Overnight Financing Rates (“SOFR”), as reference rates in the capital markets for euro, sterling, yen or U.S. dollar bonds, as applicable, and their adoption as alternatives to the relevant interbank offered rates. The market or a significant part thereof may adopt an application of risk-free rates that differs significantly from that set out in the Terms and Conditions and used in relation to Floating Rate Notes or Fixed/Floating Rate Notes, as the case may be, that reference a risk-free rate issued under this Base Prospectus. The Issuer may issue notes referencing SONIA, €STR, TONA or SOFR pursuant to Conditions 5(c)(iii)(C)(IV), 5(c)(iii)(C)(V), 5(c)(iii)(C)(VI) and 5(c)(iii)(C)(VII) of the Terms and Conditions of the Notes, in a way that differs materially in terms of interest determination when compared with any previous notes issued by the Issuer referencing SONIA, €STR, TONA or SOFR.

The ongoing development of the use of SONIA, €STR, TONA or SOFR as interest reference rate for bond markets, as well as continued development of SONIA-, €STR-, TONA- or SOFR-based rates for such markets and of the market infrastructure for adopting such rates, could result in reduced liquidity or increased volatility or could otherwise affect the market price of the Notes. Interest on Notes which reference a risk free rate is only capable of being determined shortly prior to the relevant Interest Payment Date.

In addition, as SONIA is published by the Bank of England, €STR is published by the European Central Bank, TONA is published by the Bank of Japan and SOFR is published by the Federal Reserve Bank of New York, the Issuer has no control over their determination, calculation or publication. SONIA, €STR, TONA or SOFR may be discontinued or fundamentally altered in a manner that is materially adverse to the interests of Noteholders.

The mismatch between the adoption of such reference rates in the bond, loan and derivatives markets may impact any hedging or other financial arrangements which they may put in place in connection with any acquisition, holding or disposal of any Notes.

To the extent the SONIA, €STR, TONA or SOFR reference rate is discontinued or is no longer published as described in the Terms and Conditions, the applicable rate to be used to calculate the Rate of Interest on the Notes will be determined using the alternative methods described in the Conditions 5(c)(iii)(C)(IV), 5(c)(iii)(C)(V), 5(c)(iii)(C)(VI) or 5(c)(iii)(C)(VII) of the Terms and Conditions of the Notes. Such methods may result in interest payments that are lower than, or do not otherwise correlate over time with, the payment that would have been made on the Notes if the SONIA, €STR, TONA or SOFR reference rate had been provided by the Bank of England, the European Central Bank, the Bank of Japan or the Federal Reserve Bank of New York, as relevant, in their current form. Accordingly, an investment in any such Floating Rate Notes or Fixed/Floating Rate Notes, as the case may be, may entail material risks not associated with similar investments in convention debt securities.

Investors will not know in advance the interest amount payable on Notes which is calculated by reference to SONIA, SOFR, €STR or TONA

The Rate of Interest in respect of the Notes may be calculated by reference to SONIA, SOFR, €STR or TONA. Because such rates are overnight funding rates, interest on Notes that reference such rates with Interest Accrual Periods longer than overnight will be calculated on the basis of:

- (a) in the case of SONIA, (i) the weighted average mean of SONIA over the relevant Observation Lookback Period in respect of an Interest Accrual Period or where SONIA is fixed for a certain number of days prior to the end of the relevant Interest Accrual Period, (ii) a compounded SONIA (x) in respect of the Interest Accrual Period, provided that the SONIA used as the basis for calculation is that which was published a specified number of days prior to the observation date or (y) in respect of a period that starts a specified number of days prior to the relevant Interest Accrual Period and ends the same specified number of days prior to the end of such Interest Accrual Period,
- (b) in the case of SOFR, (i) the arithmetic mean of SOFR over the relevant Interest Accrual Period, where the SOFR is fixed for a certain number of days prior to the end of such Interest Accrual Period, (ii) a compounded SOFR (x) in respect of the Interest Accrual Period, provided that the SOFR used as the basis for calculation is that which was published a specified number of days prior to the observation date or (y) in respect of a period that starts a specified number of days prior to the relevant Interest Accrual Period and ends the same specified number of days prior to the end of such Interest Accrual Period or (iii) calculated by reference to the SOFR Index published on the NY Federal Reserve's Website,
- (c) in the case of €STR, a compounded €STR (x) in respect of the Interest Accrual Period, provided that €STR used as the basis for calculation is that which was published a specified number of days prior to the observation date or (y) in respect of a period that starts a specified number of days prior to the relevant Interest Accrual Period and ends the same specified number of days prior to the end of such Interest Accrual Period, or
- (d) in the case of TONA, a compounded TONA (i) in respect of the Interest Accrual Period, provided that the TONA used as the basis for calculation is that which was published a specified number of days prior to the observation date or (ii) in respect of a period that starts a specified number of days prior to the relevant Interest Accrual Period and ends the same specified number of days prior to the end of such Interest Accrual Period.

As a consequence of these calculation methods, the amount of interest payable on each interest payment date will only be known a short period of time prior to the relevant interest payment date. Investors therefore will not know in advance the interest amount which will be payable on such Notes and there is a possibility that such amount could be lower than expected.

Any failure of SOFR to gain market acceptance could adversely affect holders of Notes that pay a floating rate of interest referencing SOFR

Holders of Notes that pay a floating rate of interest that references SOFR are exposed to the risk that such rate may not be widely accepted in the market. The risk of this occurring is mitigated by the fact that SOFR was developed for use in certain U.S. dollar derivatives and other financial contracts as an alternative to LIBOR in part because it is considered to be a good representation of general funding conditions in the overnight U.S. Treasury repo market. However, as a rate based on transactions secured by U.S. Treasury securities, it does not measure bank-specific credit risk and, as a result, is less likely to correlate with the unsecured short-term funding costs of banks. This may mean that market participants would not consider SOFR to be a suitable substitute or successor for all of the purposes for which LIBOR historically has been used (including, without limitation, as a representation of the unsecured short-term funding costs of banks), which may, in turn, lessen its market acceptance. Any failure of SOFR to gain or maintain market acceptance could adversely affect the return on, value of and market for Notes that pay a floating rate of interest referencing SOFR.

C. RISKS RELATING TO THE MARKET OF THE NOTES

Liquidity risks/Trading Market for the Notes

Application may be made to list and admit any Series of Notes issued hereunder to trading on Euronext Paris and/or on any other Regulated Market or any other stock exchanges. The Notes may not have an established trading market when issued, and one may never develop. The absence of liquidity may have a material adverse effect on the value of the Notes.

The development or continued liquidity of any secondary market for the Notes will be affected by a number of factors such as general economic conditions, the financial condition and/or, the creditworthiness of the Issuer and/or the Group, and the value of any applicable reference rate, as well as other factors such as the complexity and volatility of the reference rate, the method of calculating the return to be paid in respect of such Notes, the time remaining to the maturity of the Notes, the outstanding amount of the Notes, any redemption features of the Notes, the performance of other instruments linked to the reference rates and the level, direction and volatility of interest rates generally. Such factors also will affect the market value of the Notes. In addition, certain Notes may be designed for specific investment objectives or strategies and therefore may have a more limited secondary market and experience more price volatility than conventional debt securities.

Although in relation to Notes to be listed and admitted to trading on Euronext Paris, application to admission to trading will be subject to compliance with Euronext listing requirements. If an active market for the Notes does not develop or is not sustained, the market price or the market price and liquidity of the Notes may be adversely affected. As a consequence, investors may not be able to sell Notes readily or at prices that will enable investors to realise their anticipated yield and as a result, investors could lose all or part of their investment in the Notes.

Exchange rate risks and exchange controls

The Issuer will pay principal and interest on the Notes in the Specified Currency in accordance with Condition 5. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than the Specified Currency. These include the risk that exchange rates may change significantly (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (i) the Investor's Currency-equivalent yield on the Notes, (ii) the Investor's Currency-equivalent value of the principal payable on the Notes and (iii) the Investor's Currency equivalent market value of the Notes, all of which could have a significant adverse effect on the return on the investment of the investors.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors whose financial activities are carried out or dependent principally in a currency other than euro may receive less interest or principal than expected, or no interest or principal. This may result in a significant loss on any capital invested from the perspective of a Noteholder whose domestic currency is not the Specified Currency.

Credit ratings may not reflect all risks and may be lowered, suspended, withdrawn or not maintained

One or more independent credit rating agencies may assign credit ratings to the Notes and/or the Issuer. At the date of this Base Prospectus, the Issuer's long-term debt is rated A- stable outlook by S&P, as described in the section "*General Description of the Programme*". The rating of the Notes will be specified in the relevant Final Terms.

Following the date of this Base Prospectus, any such ratings might not continue for any period of time and might be reviewed, revised, suspended or withdrawn entirely by the Rating Agencies as a result of changes in or unavailability of information or if, in the judgement of the Rating Agencies, circumstances so warrant.

If any rating assigned to the Notes is revised, lowered, suspended or withdrawn, this may adversely affect the market value of the Notes. Further, Rating Agencies may assign unsolicited ratings to the Notes. If non-solicited ratings are assigned, such ratings might differ from, or be lower than, the ratings sought by the Issuer.

Market Value of the Notes

Application may be made to list and admit any Tranche of Notes issued hereunder to trading on Euronext Paris and/or on any other Regulated Market, as it shall be specified in the relevant Final Terms. Therefore, the market value of the Notes will be affected by the creditworthiness of the Issuer and a number of additional factors, including market interest and yield rates and the time remaining to the maturity date. As of the date of this Base Prospectus, the Issuer's long-term debt is rated A- stable outlook by S&P. However, if the creditworthiness of the Issuer deteriorates, this could have a significant adverse impact on the Noteholders and as a result the Issuer may not be able to fulfil all or part of its payment obligations under the Notes and the value of the Notes may decrease.

The value of the Notes depends on a number of interrelated factors, including economic, financial and political events in France or elsewhere, and including also factors affecting capital markets generally and Euronext Paris and/or any other Regulated Market or stock exchanges on which the Notes are traded. The price at which a Noteholder will be able to sell the Notes prior to maturity may be at a discount, which could be substantial, from the issue price or the purchase price paid by such Noteholder. Accordingly, all or part of the capital invested by the Noteholder may be lost upon any transfer of the Notes, so that the Noteholder in such case would receive significantly less than the total amount of capital invested.

TERMS AND CONDITIONS OF THE NOTES

The following is the text of the terms and conditions that, subject to completion in accordance with the provisions of the relevant Final Terms, shall be applicable to the Notes. All capitalised terms that are not defined in these Conditions will have the meanings given to them in the relevant Final Terms. References in the Conditions to “Notes” are to the Notes of one Series only, not to all Notes that may be issued under the Programme.

The Notes are issued by Aéroports de Paris (the “**Issuer**” or “**ADP**”). An agency agreement dated 18 November 2024 (the “**Agency Agreement**”) has been agreed between the Issuer and Uptevia as fiscal agent, paying agent, put agent, redenomination agent, consolidation agent, and calculation agent for the purpose of the Conditions (except for Condition 6(b)) (the “**Fiscal Agent**”, “**Paying Agent**”, “**Put Agent**”, “**Redenomination Agent**”, “**Consolidation Agent**” and “**Calculation Agent**”) and a make-whole calculation agency agreement (*contrat d’agent de calcul de la clause de make-whole*) relating to the Notes (the “**Make-whole Calculation Agency Agreement**”) has been entered into on 16 December 2022 between the Issuer and Aether Financial Services as make-whole calculation agent for the purpose of Condition 6(b) only (the “**Make-whole Calculation Agent**”) (which expressions shall, where the context so admits, include any successor for the time being as fiscal agent, paying agent, put agent, redenomination agent, consolidation agent, calculation agent or make-whole calculation agent, as the case may be, and are collectively referred to as the “**Agents**”).

References below to “**Conditions**” are, unless the context requires otherwise, to the numbered paragraphs below. For the purpose of these Terms and Conditions, “**Regulated Market**” means any regulated market situated in a Member State of the European Economic Area (“**EEA**”) as defined in the Markets in Financial Instruments Directive 2014/65/EU, as amended.

1 Form, Denomination(s), Title and Redenomination

- (a) **Form:** Notes shall be issued in dematerialised form.

Title to the Notes will be evidenced in accordance with Articles L.211-3 *et seq.* and R.211-1 *et seq.* of the French *Code monétaire et financier* by book-entries (*inscriptions en compte*). No physical document of title (including *certificats représentatifs* pursuant to Article R.211-7 of the French *Code monétaire et financier*) will be issued in respect of the Notes.

The Notes are issued, at the option of the Issuer, either in bearer form (*au porteur*), which will be inscribed in the books of Euroclear France SA (“**Euroclear France**”) (acting as central depository) which shall credit the accounts of the Account Holders, or in registered form (*au nominatif*) and, in such latter case, at the option of the relevant Noteholder either in administered registered form (*au nominatif administré*) inscribed in the books of an Account Holder or in fully registered form (*au nominatif pur*) inscribed in an account held by Euroclear France and in the books maintained by the Issuer or the registration agent (designated in the relevant Final Terms) acting on behalf of the Issuer (the “**Registration Agent**”).

The Issuer may require the identification of the Noteholders in accordance with French laws unless such right is expressly excluded in the relevant Final Terms.

For the purpose of these Conditions, “**Account Holder**” means any authorised intermediary institution entitled to hold accounts directly or indirectly on behalf of its customers with Euroclear France, and includes Euroclear Bank SA/NV (“**Euroclear**”) and the depository bank for Clearstream Banking S.A. (“**Clearstream**”).

The Notes shall constitute *obligations* within the meaning of Article L.213-5 of the French *Code monétaire et financier*.

- (b) **Denomination(s):** Notes shall be issued in such denomination(s) as may be specified in the relevant Final Terms as may be agreed between the Issuer and the relevant Dealer(s) (the “**Specified Denomination(s)**”) save that the minimum denomination of each Note admitted to trading on a

Regulated Market in circumstances which require the publication of a prospectus under Regulation (EU) 2017/1129, as amended (the “**Prospectus Regulation**”) will be €100,000 (or, if the Notes are denominated in a currency other than euro, the equivalent amount in such currency at the issue date) or such other higher amount as may be allowed or required from time to time by the relevant monetary or financial authority or any laws or regulations applicable to the relevant Specified Currency.

Unless otherwise permitted by then current laws and regulations, Notes (including Notes denominated in Sterling) which have a maturity of less than one (1) year and in respect of which the issue proceeds are to be accepted by the Issuer in the United Kingdom or whose issue otherwise constitutes a contravention of section 19 of the FSMA will have a minimum denomination of £100,000 (or its equivalent in other currencies).

The Notes shall be issued in one Specified Denomination only.

(c) **Title:**

- (i) Title to the Notes in bearer form (*au porteur*) and in administered registered form (*au nominatif administré*) shall pass upon, and transfer of such Notes may only be effected through, registration of the transfer in the accounts of the Account Holders. Title to the Notes in fully registered form (*au nominatif pur*) shall pass upon, and transfer of such Notes may only be effected through, registration of the transfer in the accounts of the Issuer or the Registration Agent.
- (ii) Except as ordered by a court of competent jurisdiction or as required by law, the holder (as defined below) of any Note shall be deemed to be and may be treated as its absolute owner for all purposes, whether or not it is overdue and regardless of any notice of ownership, or an interest in it, any writing on it or its theft or loss and no person shall be liable for so treating the holder.
- (iii) In these Conditions, “**Holder of Notes**”, “**Holder of any Note**” or “**Noteholder**” means the person whose name appears in the account of the relevant Account Holder or the Issuer or the Registration Agent (as the case may be) as being entitled to such Notes; and capitalised terms have the meanings given to them in the relevant Final Terms, the absence of any such meaning indicating that such term is not applicable to the Notes.

(d) **Redenomination:**

- (i) The Issuer may (if so specified in the relevant Final Terms), on any Interest Payment Date, without the consent of the holder of any Note by giving at least thirty (30) calendar days’ notice in accordance with Condition 13 and on or after the date on which the European Member State in whose national currency the Notes are denominated has become a participating Member State in the single currency of the European Economic and Monetary Union (as provided in the Treaty establishing the European Community (the “**EC**”), as amended from time to time (the “**Treaty**”), or events have occurred which have substantially the same effects (in either case, “**EMU**”), redenominate all, but not some only, of the Notes of any Series into euro and adjust the aggregate principal amount and the Specified Denomination(s) set out in the relevant Final Terms accordingly, as described below. The date on which such redenomination becomes effective shall be referred to in these Conditions as the “**Redenomination Date**”.
- (ii) The redenomination of the Notes pursuant to Condition 1(d)(i) shall be made by converting the principal amount of each Note from the relevant national currency into euro using the fixed relevant national currency euro conversion rate established by the Council of the European Union pursuant to applicable regulations of the Treaty and rounding the resulting figure to the nearest euro 0.01 (with euro 0.005 being rounded upwards). If the Issuer so elects, the figure resulting from conversion of the principal amount of each Note using the fixed relevant national currency euro conversion rate shall be rounded down to the nearest euro. The euro denominations of the Notes so determined shall be notified to Noteholders in accordance with

Condition 13. Any balance remaining from the redenomination with a denomination higher than euro 0.01 shall be paid by way of cash adjustment rounded to the nearest euro 0.01 (with euro 0.005 being rounded upwards). Such cash adjustment will be payable in euro on the Redenomination Date in the manner notified to Noteholders by the Issuer.

- (iii) Upon redenomination of the Notes, any reference in the relevant Final Terms to the relevant national currency shall be construed as a reference to euro.
- (iv) The Issuer may, with the prior approval of the Redenomination Agent and the Consolidation Agent, in connection with any redenomination pursuant to this Condition or any consolidation pursuant to Condition 12, without the consent of the holder of any Note, make any changes or additions to these Conditions or Condition 12 (including, without limitation, any change to any applicable business day definition, business day convention, principal financial centre of the country of the Specified Currency, interest accrual basis or benchmark), taking into account market practice in respect of redenominated euromarket debt obligations and which it believes are not prejudicial to the interests of such holders. Any such changes or additions shall, in the absence of manifest error, be binding on the holders of Notes and shall be notified to Noteholders in accordance with Condition 13 as soon as practicable thereafter.
- (v) Neither the Issuer nor any Paying Agent shall be liable to the holder of any Note or other person for any commissions, costs, losses or expenses in relation to or resulting from the credit or transfer of euro or any currency conversion or rounding effected in connection therewith.

(e) **Method of Issue**

The Notes will be issued on a syndicated or non-syndicated basis. The Notes will be issued in series (each a “**Series**”) having one or more issue dates and on terms otherwise identical (or identical other than in respect of the issue date, issue price, first payment of interest and principal amount of Tranche), the Notes of each Series being intended to be fungible with all other Notes of that Series. Each Series may be issued in tranches (each a “**Tranche**”) on the same or different issue dates. The specific terms of each Tranche (except the issue date, issue price, first payment of interest and principal amount of the Tranche), which will be identical to the terms of other Tranches of the same Series will be set out in the relevant Final Terms.

2 **Conversion and Exchanges of Notes**

- (i) Notes issued in bearer form (*au porteur*) may not be converted into Notes in registered form, whether in fully registered form (*au nominatif pur*) or in administered registered form (*au nominatif administré*).
- (ii) Notes issued in registered form (*au nominatif*) may not be converted into Notes in bearer form (*au porteur*).
- (iii) Notes issued in fully registered form (*au nominatif pur*) may, at the option of the Noteholder, be converted into Notes in administered registered form (*au nominatif administré*), and *vice versa*. The exercise of any such option by such Noteholder shall be made in accordance with Article R.211-4 of the French *Code monétaire et financier*. Any such conversion shall be effected at the cost of such Noteholder.

3 **Status of the Notes**

The Notes are direct, unconditional, unsubordinated and (subject to the provisions of Condition 4) unsecured obligations of the Issuer (*engagements chirographaires*) and rank and will at all times rank *pari passu* and without any preference among themselves and (subject to such exceptions as are from time to time mandatory under French law) equally and rateably with all other present or future unsecured and unsubordinated indebtedness, obligations or guarantees of the Issuer, from time to time outstanding.

4 Negative Pledge

The Issuer agrees that so long as any of the Notes remains outstanding, it will not create or permit to subsist any mortgage, charge, pledge, lien or other form of encumbrance or security interest which would constitute a *sûreté réelle* or its equivalent under any applicable legislation upon all or part of its assets, revenues or rights, present or future, to secure any Bond Indebtedness (as defined below), unless the obligations of the Issuer under the Notes are equally and rateably secured therewith so as to rank *pari passu* with such Bond Indebtedness or the guarantee or indemnity thereof.

For the purpose of this Condition:

- (i) “**outstanding**” means, in relation to the Notes, all the Notes issued other than: (a) those which have been redeemed in accordance with the Conditions, (b) those in respect of which the date for redemption in accordance with the Conditions has occurred and the redemption monies (including all interest accrued on such Notes to, but excluding, the date for such redemption and any interest payable under Condition 5 after such date) have been duly paid to the Fiscal Agent, (c) those which have been purchased and that are held or have been cancelled as provided in Condition 6 and (d) those in respect of which claims have become prescribed under Condition 10.
- (ii) “**Bond Indebtedness**” means any present or future indebtedness for borrowed money in the form of, or represented by, bonds (*obligations*) or other securities (including *titres de créances négociables*) which are, or are capable of being, listed, admitted to trading or ordinarily dealt in any stock exchange, over-the counter or other securities market.

For the purposes of this sub-paragraph (B)(a), “**Floating Rate**”, “**Calculation Agent**”, “**Floating Rate Option**”, “**Designated Maturity**”, “**Reset Date**” and “**Swap Transaction**” have the meanings given to those terms in the 2006 ISDA Definitions.

If the paragraph “**Floating Rate Option**” in the relevant Final Terms provides that the rate of interest will be determined by linear interpolation in respect of an Interest Accrual Period, the Rate of Interest applicable to such Interest Accrual Period will be calculated by the Calculation Agent by linear interpolation between two (2) rates of interest based on the relevant Floating Rate, provided that the first rate of interest corresponds to a maturity immediately inferior to the duration of the relevant Interest Accrual Period and the second rate corresponds to a maturity immediately superior to the same relevant Interest Accrual Period.

(b) Where ISDA Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, and “2021 ISDA Definitions” is specified in the relevant Final Terms, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent as a rate equal to the relevant ISDA Rate plus or minus (as indicated in the relevant Final Terms) the Margin (if any). For the purposes of this sub-paragraph (B)(b), “**ISDA Rate**” for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under a Swap Transaction under the terms of an agreement incorporating the 2021 ISDA Definitions and under which:

- I. the “**Floating Rate Option**” is as specified in the relevant Final Terms;
- II. the “**Designated Maturity**” is a period specified in the relevant Final Terms;
- III. the relevant “**Reset Date**” is the first day of that Interest Accrual Period unless otherwise specified in the relevant Final Terms;
- IV. the relevant “**Fixing Day**” is the date specified in the applicable Final Terms or, in the absence thereof, as defined in the 2021 ISDA Definitions;

- VII. the relevant “**Calculation Period**” is as specified in the relevant Final Terms or, in the absence thereof, as defined in the 2021 ISDA Definitions for which purpose references to “Effective Date” and “Period End Date” (in the 2021 ISDA Definitions) shall be deemed to be to, respectively, the Issue Date and any last day of the last occurring Interest Accrual Period (as defined in these Conditions); and
- VIII. if the Floating Rate Option specified in the Final Terms is an Overnight Floating Rate Option and Compounding is specified as applicable in the relevant Final Terms:
 - the relevant Reset Date is the last day of the last occurring Interest Accrual Period, unless otherwise specified in the Final Terms;
 - Delayed Payment will be applicable if specified as such in the Final Terms, and if so, the applicable number of days is either (x) as specified in the Final Terms, or (y) if no number is specified as such in the Final Terms, five (5);
 - OIS Compounding will be applicable if specified as such in the Final Terms;
 - Compounding with Lookback will be applicable if specified as such in the Final Terms, and if so, the “**Lookback**” is either (x) as specified in the Final Terms, or (y) if no number is specified as such in the Final Terms, the number specified as the “**Lookback**” for the relevant Floating Rate Option in the 2021 ISDA Definitions, or (z) if no such number is specified for the relevant Floating Rate Option, five (5);
 - Compounding with Observation Period Shift will be applicable if specified as such in the Final Terms, and if so, Set in Advance will be applicable if specified as such in the Final Terms, “**Observation Period Shift Additional Business Day**” is as specified in the Final Terms, and the “**Observation Period Shift**” is either (x) as specified in the Final Terms, or (y) if no number is specified as such in the Final Terms, the number specified as the “**Observation Period Shift**” for the relevant Floating Rate Option in the 2021 ISDA Definitions, or (z) if no such number is specified for the relevant Floating Rate Option, five (5); and
 - Compounding with Lockout will be applicable if specified as such in the Final Terms, and if so, “**Lockout Period Business Day**” is as specified in the Final Terms and the “**Lockout**” is either (x) as specified in the Final Terms, or (y) if no number is specified as such in the Final Terms, the number specified as the “**Lockout**” for the relevant Floating Rate Option in the 2021 ISDA Definitions, or (z) if no such number is specified for the relevant Floating Rate Option, five (5).

For the purposes of this sub-paragraph (B)(b), except as otherwise defined in such sub-paragraph, “**Calculation Agent**”, “**Compounding with Lockout**”, “**Compounding with Lookback**”, “**Compounding with Observation Period Shift**”, “**Delayed Payment**”, “**Designated Maturity**”, “**Effective Date**”, “**Floating Rate**”, “**Floating Rate Option**”, “**Lockout Period Business Day**”, “**Lockout**”,

“Lookback”, “Observation Period Shift”, “OIS Compounding”, “Overnight Floating Rate Option”, “Period End Date”, “Reset Date”, “Set in Advance” and “Swap Transaction” have the meanings given to those terms in the 2021 ISDA Definitions.

The provisions relating to “Linear Interpolation” set out in the 2021 ISDA Definitions shall apply to an ISDA Rate where “2021 ISDA Definitions Linear Interpolation” is specified as applicable in the relevant Final Terms. For such purpose, references to “Relevant Rate” under the 2021 ISDA Definitions shall be deemed to be references to the ISDA Rate.

(C) Screen Rate Determination for Floating Rate Notes

If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean of such offered quotations.

If two or more of the Reference Banks provide the Calculation Agent with such offered quotations, the Rate of Interest for such Interest Accrual Period shall be the arithmetic mean of such offered quotations as determined by the Calculation Agent; and
- III. if paragraph II. above applies and the Calculation Agent determines that fewer than two Reference Banks are providing offered quotations, subject as provided below, the Rate of Interest shall be the arithmetic mean of the rates *per annum* (expressed as a percentage) as communicated to (and at the request of) the Calculation Agent by the Reference Banks or any two or more of them, at which such banks were offered at approximately 11.00 a.m. (Brussels time) on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in the Euro-

zone inter-bank market or, if fewer than two of the Reference Banks provide the Calculation Agent with such offered rates, the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, at approximately 11.00 a.m. (Brussels time), on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Issuer suitable for such purpose) informs the Calculation Agent it is quoting to leading banks in the Euro zone inter-bank market, provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin or Maximum Rate of Interest or Minimum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to the relevant Interest Accrual Period, in place of the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to that last preceding Interest Accrual Period).

If no such rate is published by the administrator of TONA or an authorised distributor and is not otherwise provided by the administrator of TONA other than as a consequence of a TONA Index Cessation Event, then TONA for such Tokyo Banking Day will be TONA last provided or published on the Relevant Screen Page (or as otherwise published by relevant authorised distributors) that appears at approximately 10.00 a.m. (Tokyo time) on the

Bank of Japan's Website on the Tokyo Banking Day immediately following such Tokyo Banking Day.

If there is a JPY Recommended Rate before the end of the first Tokyo Banking Day following the TONA Index Cessation Effective Date, but neither the administrator nor authorised distributors provide or publish the JPY Recommended Rate, then, subject to the below, in respect of any day for which the JPY Recommended Rate is required, references to the JPY Recommended Rate will be deemed to be references to the last provided or published JPY Recommended Rate. - (ii) there is a JPY Recommended Rate and a JPY Recommended Rate Index Cessation Effective Date subsequently occurs in respect of such JPY Recommended Rate,

then the rate in respect of each Tokyo Banking Day falling on or after the TONA Index Cessation Effective Date or a JPY Recommended Rate Fixing Day occurring on or after the JPY Recommended Rate Index Cessation Effective Date, as the case may be, will be a commercially reasonable alternative for TONA or the JPY Recommended Rate, as the case may be, as determined by the Calculation Agent, acting in good faith and in a commercially reasonable manner, taking into account any rate implemented by central counterparties and/or futures exchanges, in each case with trading volumes in derivatives or futures referencing TONA or the JPY Recommended Rate (as applicable) that the Calculation Agent, considers sufficient for that rate to be a representative alternative rate.

the provisions set forth in Condition 5(c)(iii)(C)(VII)(D) below will apply to all determinations of the Rate of Interest for each Interest Accrual Period thereafter.

(D) SOFR Replacement Provisions

If the Calculation Agent, failing which the Issuer, determines at any time prior to the SOFR Determination Time on any U.S. Government Securities Business Day that a SOFR Transition Event and the related SOFR Replacement Date have occurred, the Calculation Agent will appoint an agent (the “**Replacement Rate Determination Agent**”) which will determine the SOFR Replacement. The Replacement Rate Determination Agent may be (x) a leading bank, broker-dealer or benchmark agent in the principal financial centre of the Specified Currency as appointed by the Calculation Agent, (y) an affiliate of the Calculation Agent or (z) such other independent entity that the Calculation Agent determines to be competent to carry out such role.

In connection with the determination of the SOFR Replacement, the Replacement Rate Determination Agent will determine appropriate SOFR Replacement Conforming Changes.

Any determination, decision or election that may be made by the Calculation Agent or Replacement Rate Determination Agent (as the case may be) pursuant to these provisions, will (in the absence of manifest error) be conclusive and binding on the Issuer, the Calculation Agent and the Noteholders.

Following the designation of a SOFR Replacement, the Calculation Agent may subsequently determine that a SOFR Transition Event and a related SOFR Replacement Date have occurred in respect of such SOFR Replacement, provided that the SOFR Benchmark has already been substituted by the SOFR Replacement and any SOFR Replacement Conforming Changes in connection with such substitution have been applied. In such circumstances, the SOFR Replacement shall be deemed to be the SOFR Benchmark and all relevant definitions shall be construed accordingly.

In connection with the SOFR Replacement provisions above, the following definitions shall apply:

- (a) the order of priority specified SOFR Replacement Alternatives Priority in the relevant Final Terms; or
- (b) if no such order of priority is specified, in accordance with the priority set forth below:
 - (i) Relevant Governmental Body Replacement;
 - (ii) ISDA Fallback Replacement; and
 - (iii) Industry Replacement,

Provided, in each case, that, if the Replacement Rate Determination Agent is unable to determine the SOFR Replacement in accordance with the first SOFR Replacement Alternative listed, it shall attempt to determine the SOFR Replacement in accordance with the each subsequent SOFR Replacement Alternative until a SOFR Replacement is determined. The SOFR Replacement will replace the then-current SOFR Benchmark for the purpose of determining the relevant Rate of Interest in respect of the relevant Interest Accrual Period and each subsequent Interest Accrual Period, subject to the occurrence of a subsequent SOFR Transition Event and related SOFR Replacement Date;

“SOFR Replacement Alternatives” means:

- (a) the sum of: (i) the alternative rate that has been selected or recommended by the Relevant Governmental Body as the replacement for the then-current SOFR Benchmark for the relevant

Interest Accrual Period and (ii) the SOFR Replacement Adjustment (the “**Relevant Governmental Body Replacement**”);

- (b) if the applicable Unadjusted SOFR Replacement is equivalent to the ISDA Fallback Rate, the ISDA Fallback Adjustment; or
- (c) the spread adjustment (which may be a positive or negative value or zero) determined by the Replacement Rate Determination Agent giving due consideration to any industry-accepted spread adjustment, or method for calculating or determining such spread adjustment, for the replacement of the then-current SOFR Benchmark with the applicable Unadjusted SOFR Replacement for U.S. dollar-denominated floating rate securities at such time;

“**SOFR Replacement Conforming Changes**” means, with respect to any SOFR Replacement, any technical, administrative or operational changes (including, but not limited to, changes to timing and frequency of determining rates with respect to each interest period and making payments of interest, rounding of amounts or tenors, day count fractions, business day convention and other administrative matters) that the Replacement Rate Determination Agent decides may be appropriate to reflect the adoption of such SOFR Replacement in a manner substantially consistent with market practice (or, if the Replacement Rate Determination Agent determines that adoption of any portion of such market practice is not administratively feasible or if the Replacement Rate Determination Agent determines that no market practice for use of the SOFR Replacement exists, in such other manner as the Replacement Rate Determination Agent or the Calculation Agent, as the case may be, determines is reasonably necessary, acting in good faith and in a commercially reasonable manner);

“**SOFR Replacement Date**” means the earliest to occur of the following events with respect to the then-current SOFR Benchmark (including the daily published component used in the calculation thereof):

- (a) in the case of sub-paragraphs (a) or (b) of the definition of "SOFR Transition Event" the later of (i) the date of the public statement or publication of information referenced therein and (ii) the date on which the administrator of the SOFR Benchmark permanently or indefinitely ceases to provide the SOFR Benchmark (or such component); or
- (b) in the case of sub-paragraph (c) of the definition of "SOFR Transition Event" the date of the public statement or publication of information referenced therein; or
- (c) in the case of sub-paragraph (d), the last such consecutive U.S. Government Securities Business Day on which the SOFR Benchmark has not been published,

provided that, in the event of any public statements or publications of information as referenced in sub-paragraphs (a) or (b) above, should such event or circumstance referred to in such a public statement or publication occur on a date falling later than three months after the relevant public statement or publication, the SOFR Transition Event shall be deemed to occur on the date falling three months prior to such specified date (and not the date of the relevant public statement or publication).

For the avoidance of doubt, if the event giving rise to the SOFR Replacement Date occurs on the same day as, but earlier than, the SOFR Determination Time in respect of any determination, the SOFR Replacement Date will be deemed to have occurred prior to the SOFR Determination Time for such determination.

"SOFR Transition Event" means the occurrence of any one or more of the following events with respect to the then-current SOFR Benchmark (including the daily published component used in the calculation thereof):

- (a) a public statement or publication of information by or on behalf of the administrator of the SOFR Benchmark (or such component, if relevant) announcing that such administrator has ceased or will cease to provide the SOFR Benchmark (or such component, if relevant), permanently or indefinitely, provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide the SOFR Benchmark (or such component, if relevant);
- (b) a public statement or publication of information by the regulatory supervisor for the administrator of the Benchmark (or such component, if relevant), the central bank for the currency of the SOFR Benchmark (or such component, if relevant), an insolvency official with jurisdiction over the administrator for the SOFR Benchmark (or such component, if relevant), a resolution authority with jurisdiction over the administrator for SOFR (or such component, if relevant) or a court or an entity with similar insolvency or resolution authority over the administrator for the SOFR Benchmark (or such component, if relevant), which states that the administrator of the SOFR Benchmark (or such component, if relevant) has ceased or will cease to provide the SOFR

Benchmark (or such component, if relevant) permanently or indefinitely, provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide the SOFR Benchmark (or such component, if relevant);

- (c) a public statement or publication of information by the regulatory supervisor for the administrator of the SOFR Benchmark (or such component, if relevant) announcing that the SOFR Benchmark (or such component, if relevant) is no longer representative, the SOFR Benchmark (or such component, if relevant) has been or will be prohibited from being used or that its use has been or will be subject to restrictions or adverse consequences, either generally or in respect of the Notes; or
- (d) the SOFR Benchmark is not published by its administrator (or a successor administrator) for six consecutive U.S. Government Securities Business Days; and

“Unadjusted SOFR Replacement” means the SOFR Replacement prior to the application of any SOFR Replacement Adjustment.

(D) Linear Interpolation

Where Linear Interpolation is specified in the relevant Final Terms in respect of an Interest Accrual Period, the Rate of Interest for such Interest Accrual Period shall be calculated by the Calculation Agent by straight line linear interpolation by reference to two rates based on the relevant FBF Rate (if specified as applicable in the relevant Final terms), the relevant Reference Rate (where Screen Rate Determination is specified in the relevant Final Terms) or the relevant Floating Rate Option (where ISDA Determination is specified in the relevant Final Terms), one of which shall be determined as if the Applicable Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Accrual Period and the other of which shall be determined as if the Applicable Maturity were the period of time for which rates are available next longer than the length of the relevant Interest Accrual Period provided however that if there is no rate available for the period of time next shorter or, as the case may be, next longer, then the Calculation Agent shall determine such rate at such time and by reference to such sources as it determines appropriate.

For the purposes of this sub-paragraph (D), **“Applicable Maturity”** means: (a) in relation to FBF Determination, the period of time specified in the relevant FBF Rate, (b) in relation to Screen Rate Determination, the period of time designated in the Reference Rate, and (c) in relation to ISDA Determination, the Designated Maturity.

(E) Benchmark Discontinuation

Where Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, if a Benchmark Event occurs in relation to an Original Reference Rate at any time when the Terms and Conditions of any Notes provide for any remaining rate of interest (or any component part thereof) to be determined by reference to such Original Reference Rate, then the following provisions shall apply and shall prevail over other fallbacks specified in Condition 5(c)(iii)(C). For the avoidance of doubt, the following provisions shall not

apply and shall not prevail over other fallbacks specified in Conditions 5(c)(iii)(A), 5(c)(iii)(B) and shall not apply to SONIA, €STR, TONA and SOFR.

(a) Independent Adviser

The Issuer shall use reasonable endeavours to appoint an Independent Adviser, as soon as reasonably practicable, to determine a Successor Rate, failing which an Alternative Rate (in accordance with Condition 5(c)(iii)(E)(b)) and, in either case, an Adjustment Spread, if any (in accordance with Condition 5(c)(iii)(E)(c)) and any Benchmark Amendments (in accordance with Condition 5(c)(iii)(E)(d)).

An Independent Adviser appointed pursuant to this Condition 5(c)(iii)(E) shall act in good faith and in a commercially reasonable manner as an expert and (in the absence of bad faith or fraud) shall have no liability whatsoever to the Issuer, the Fiscal Agent, the Paying Agents, the Calculation Agent or any other party responsible for determining the Rate of Interest specified in the relevant Final Terms, or the Noteholders for any determination made by it pursuant to this Condition 5(c)(iii)(E).

(b) Successor Rate or Alternative Rate

If the Independent Adviser determines in good faith and in a commercially reasonable manner that:

1. there is a Successor Rate, then such Successor Rate shall (subject to adjustment as provided in Condition 5(c)(iii)(E) (c)) subsequently be used in place of the Original Reference Rate to determine the relevant Rate(s) of Interest (or the relevant component part(s) thereof) for all relevant future payments of interest on the Notes (subject to the further operation of this Condition 5(c)(iii)(E)); or
2. there is no Successor Rate but that there is an Alternative Rate, then such Alternative Rate shall (subject to adjustment as provided in Condition 5(c)(iii)(E)(c)) subsequently be used in place of the Original Reference Rate to determine the relevant Rate(s) of Interest (or the relevant component part(s) thereof) for all relevant future payments of interest on the Notes (subject to the further operation of this Condition 5(c)(iii)(E)).

(c) Adjustment Spread

If the Independent Adviser, determines, acting in good faith and in a commercially reasonable manner (i) that an Adjustment Spread is required to be applied to the Successor Rate or the Alternative Rate (as the case may be) and (ii) the quantum of, or a formula or methodology for determining, such Adjustment Spread, then such Adjustment Spread shall be applied to the Successor Rate or the Alternative Rate (as the case may be) for each subsequent determination of a relevant Rate of Interest (or a relevant component part thereof) by reference to such Successor Rate or Alternative Rate (as applicable).

(d) Benchmark Amendments

If any Successor Rate, Alternative Rate or Adjustment Spread is determined in accordance with this Condition 5(c)(iii)(E) and the Independent Adviser determines in good faith and in a commercially reasonable manner (A) that amendments to the Terms and Conditions of the Notes (including, without limitation, amendments to the definitions of Day Count Fraction, Business

Days or Relevant Screen Page) are necessary to ensure the proper operation of such Successor Rate, Alternative Rate and/or Adjustment Spread (such amendments, the “**Benchmark Amendments**”) and (B) the terms of the Benchmark Amendments, then the Issuer shall, subject to giving notice thereof in accordance with Condition 5(c)(iii)(E)(e), without any requirement for the consent or approval of Noteholders, vary the Terms and Conditions of the Notes to give effect to such Benchmark Amendments with effect from the date specified in such notice.

In connection with any such variation in accordance with this Condition 5(c)(iii)(E), the Issuer shall comply with the rules of any stock exchange on which the Notes are for the time being listed or admitted to trading.

(e) Notices, etc.

The Issuer shall, after receiving such information from the Independent Adviser, notify the Fiscal Agent, the Calculation Agent, the Paying Agents, the Representative (if any) and, in accordance with Condition 13, the Noteholders, promptly of any Successor Rate, Alternative Rate, Adjustment Spread and the specific terms of any Benchmark Amendments, determined under this Condition 5(c)(iii)(E). Such notice shall be irrevocable and shall specify the effective date of the Benchmark Amendments, if any.

(f) Survival of Original Reference Rate

Without prejudice to the Issuer’s obligations under the provisions of this Condition 5(c)(iii)(E), the Original Reference Rate and the fallback provisions provided for in Condition 5(c)(iii)(C) will continue to apply unless and until the party responsible for determining the Rate of Interest has been notified of the Successor Rate or the Alternative Rate (as the case may be), and of any Adjustment Spread and/or Benchmark Amendments.

(g) Fallbacks

If, following the occurrence of a Benchmark Event and in relation to the determination of the Rate of Interest on the immediately following Interest Determination Date, no Successor Rate or Alternative Rate (as applicable) is determined pursuant to this provision, the fallback provisions relating to the Original Reference Rate specified in Condition 5(c)(iii)(C), namely the Rate of Interest determined as at the last preceding Interest Determination Date, will continue to apply to such determination.

In such circumstances, the Issuer will be entitled (but not obliged), at any time thereafter, to elect to re-apply the provisions of this Condition 5(c)(iii)(E), *mutatis mutandis*, on one or more occasions until a Successor Rate or Alternative Rate (and, if applicable, any associated Adjustment Spread and/or Benchmark Amendments) has been determined and notified in accordance with this Condition 5(c)(iii)(E) (and, until such determination and notification (if any), the fallback provisions provided elsewhere in these Terms and Conditions including, for the avoidance of doubt, the other fallbacks specified in Condition 5(c)(iii)(C), will continue to apply in accordance with their terms). This may result in the Rate of Interest for the last preceding Interest Accrual Period being the Rate of Interest for the Interest Accrual Period in question.

(h) Definitions

In this Condition 5(c)(iii)(E):

“Adjustment Spread” means either a spread (which may be positive or negative), or the formula or methodology for calculating a spread, in either case, which the Independent Adviser determines and which is required to be applied to the Successor Rate or the Alternative Rate (as the case may be) to reduce or eliminate, to the fullest extent reasonably practicable in the circumstances, any economic prejudice or benefit (as the case may be) to Noteholders as a result of the replacement of the Original Reference Rate with the Successor Rate or the Alternative Rate (as the case may be) and is the spread, formula or methodology which:

- (h) that a decision to withdraw the authorisation or registration pursuant to Article 35 of the Benchmarks Regulation (Regulation (EU) 2016/1011, as amended) of any benchmark administrator previously authorised to publish such Original Reference Rate has been adopted.

- (d) **Fixed/Floating Rate Notes:** If Fixed/Floating Rate Notes is specified as applicable in the relevant Final Terms, then on the date specified in the relevant Final Terms (the “**Switch Date**”): (i) the Issuer may elect to convert the rate at which the Notes bear interest from a Fixed Rate to a Floating Rate, or from a Floating Rate to a Fixed Rate (the “**Issuer Change of Interest Basis**”), it being specified that the Issuer Change of Interest Basis shall be deemed effective after notification by the Issuer to the Noteholders within the period specified in the relevant Final Terms in accordance with Condition 13, or (ii) the rate at which the Notes bear interest will automatically change from a Fixed Rate to a Floating Rate or from a Floating Rate to a Fixed Rate (the “**Automatic Change of Interest Basis**”), as specified in the relevant Final Terms.

If the Switch Date specified in the relevant Final Terms is not a Business Day, then such date shall be postponed to the next day that is a Business Day, unless it would thereby fall into the next calendar month, in which event such date shall be brought forward to the immediately preceding Business Day.

- (e) **Zero Coupon Notes:** Where a Note the Interest Basis of which is specified to be Zero Coupon is repayable prior to the Maturity Date and is not paid when due, the amount due and payable prior to the Maturity Date shall be the Optional Redemption Amount, the Early Redemption Amount, the Make-whole Redemption Amount or the Acquisition Event Redemption Amount, as the case may be, of such Note. As from the Maturity Date, the Rate of Interest for any overdue principal of such a Note shall be a rate *per annum* (expressed as a percentage) equal to the Amortisation Yield (as described in Condition 6(j)(i)).
- (f) **Accrual of Interest:** Interest shall cease to accrue on each Note on the due date for redemption unless, on such due date, payment is improperly withheld or refused, in which event interest shall continue to accrue (as well after as before judgment) at the Rate of Interest in the manner provided in this Condition 5 to the Relevant Date (as defined in Condition 5(a)).

 - (ii) If any Maximum Rate of Interest or Minimum Rate of Interest is specified in the relevant Final Terms, then any Rate of Interest shall be subject to such maximum or minimum, as the case may be, provided that in no event, will the Rate of Interest be less than the Minimum Rate of Interest of 0.00 per cent. - (h) **Calculations:** The amount of interest payable in respect of any Note for any period shall be calculated by multiplying the product of the Rate of Interest and the outstanding nominal amount of such Note by the Day Count Fraction, unless an Interest Amount is specified in the relevant Final Terms in respect of such period, in which case the amount of interest payable in respect of such Note for such period shall equal such Interest Amount. Where any Interest Period comprises two or more Interest Accrual Periods, the amount of interest payable in respect of such Interest Period shall be the sum of the amounts of interest payable in respect of each of those Interest Accrual Periods.
- (i) **Determination and Publication of Rates of Interest, Interest Amounts, Final Redemption Amounts, Optional Redemption Amounts, Make-whole Redemption Amounts, Early Redemption Amounts and Acquisition Event Redemption Amounts:** The Calculation Agent or the Make-whole Calculation Agent shall, as soon as practicable on such date as the Calculation Agent or the Make-whole Calculation Agent may be required to calculate any rate or amount, obtain any quotation or make any determination or calculation, determine such rate and calculate the Interest Amounts for the relevant Interest Accrual Period, calculate the Final Redemption Amount, Optional Redemption Amount, Make-whole Redemption Amount, Early Redemption Amount or Acquisition Event Redemption Amount, obtain such quotation or make such determination or calculation, as the case may be, and cause the Rate of Interest and the Interest Amounts for each Interest Accrual Period and the relevant Interest Payment Date and, if required to be calculated, the Final Redemption Amount, Optional Redemption Amount, Make-whole Redemption Amount, Early Redemption Amount or Acquisition Event Redemption Amount to be notified to the Fiscal Agent, the Issuer, the Paying Agent, the Noteholders, any other Calculation Agent appointed in respect of the Notes that is to make a further calculation upon receipt of such information and, if the Notes are admitted to trading on a Regulated Market and the rules of, or applicable to, such Regulated Market so require, such Regulated Market as soon as possible after their determination but in no event later than (i) the commencement of the relevant Interest Accrual Period, if determined prior to such time, in the case of notification to such Regulated Market of a Rate of Interest and Interest Amount, or (ii) in all other cases, the fourth (4th) Business Day after such determination. Where any Interest Payment Date or Interest Period Date is subject to adjustment pursuant to Condition 5(c)(ii), the Interest Amounts and the Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Accrual Period. The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent(s) or the Make-whole Calculation Agent, as applicable, shall (in the absence of manifest error) be final and binding upon all parties.
- (j) **Calculation Agent and Make-whole Calculation Agent:** The Issuer shall use its best efforts to procure that there shall at all times be one or more Calculation Agents or one Make-whole Calculation Agent if provision is made for them in the relevant Final Terms and for so long as any Note is outstanding (as defined in the Agency Agreement or the Make-whole Calculation Agency Agreement). Where more than one Calculation Agent is appointed in respect of the Notes, references in these Conditions to the Calculation Agent shall be construed as each Calculation Agent performing its respective duties under the Conditions. If the Calculation Agent or the Make-whole Calculation Agent is unable or unwilling to act as such or if the Calculation Agent or the Make-whole Calculation Agent fails duly to establish the Rate of Interest for an Interest Accrual Period or to calculate any Interest Amount, Final Redemption Amount, Early Redemption Amount, Make-whole Redemption Amount, Acquisition Event Redemption Amount or Optional Redemption Amount, as the case may be, or to comply with any other requirement, the Issuer shall appoint a leading bank or investment banking firm engaged in the interbank market (or, if appropriate, money, swap or over-the-counter index options market) that is most closely connected with the calculation or determination to be made by the

Calculation Agent or the Make-whole Calculation Agent (acting through its principal Paris office or any other office actively involved in such market) to act as such in its place. The Calculation Agent or the Make-whole Calculation Agent may not resign its duties without a successor having been appointed as aforesaid. So long as the Notes are admitted to trading on a Regulated Market and the rules of, or applicable to, that Regulated Market so require, notice of any change of Calculation Agent or the Make-whole Calculation Agent shall be given in accordance with Condition 13.

The **"Make-whole Redemption Amount"** will be calculated by the Make-whole Calculation Agent and will be an amount in the Specified Currency rounded to the nearest cent (half a cent being rounded upwards) being the greater of (x) 100 per cent. of the Principal Amount of the Notes so redeemed and, (y) the sum of the then present values of the remaining scheduled payments of principal and interest on such Notes until the Relevant Redemption Date (determined on the basis of the interest rate applicable to the Notes (not including any interest accrued on the Notes from and including the Issue Date or, as the case may be, the scheduled Interest Payment Date immediately preceding such Make-whole Redemption Date to, but excluding, such Make-whole Redemption Date)) discounted from the Relevant Redemption Date, to the relevant Make-whole Redemption Date on an annual basis at the Redemption Rate plus a Redemption Margin (as specified in the relevant Final Terms), plus in each case (x) or (y) above, any interest accrued on the Notes to, but excluding, the Make-whole Redemption Date.

- (ii) if the Reference Security price cannot be determined in accordance with (i) above, the yield to maturity of the Reference Security (as specified in the relevant Final Terms) expressed as an annual rate as determined by the Make-whole Calculation Agent based on the Reference Security mid-market price published on the relevant Bloomberg screen page (or such other page or service as may replace it for the purpose of displaying such price) on the fourth (4th) business day in Paris preceding the Make-whole Redemption Date at 11.00 a.m. (Central European time (CET)); or

- (iii) if the Make-whole Calculation Agent is unable to determine the Reference Security price pursuant to (i) or (ii) above, the average of the four quotations (eliminating the highest quotation (or, in the event of equality, one of the highest quotations) and the lowest quotation (or, in the event of equality, one of the lowest quotations)) given by the Reference Dealers of the mid-market annual yield to maturity of the Reference Security (as specified in the relevant Final Terms) on the fourth (4th) business day in Paris preceding the Make-whole Redemption Date at 11.00 a.m. (Central European time (CET)).

If the Reference Security is no longer outstanding, a Similar Security will be chosen by the Make-whole Calculation Agent after prior consultation with the Issuer if practicable under the circumstances at 11.00 a.m. (Central European time (CET)) on the third (3rd) business day in Paris preceding the Make-whole Redemption Date, quoted in writing by the Make-whole Calculation Agent to the Issuer and notified in accordance with Condition 13.

The Make-whole Redemption Amount and the Redemption Rate will be notified in accordance with Condition 13.

The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Make-whole Calculation Agent shall (in the absence of wilful default, bad faith or manifest error) be final and binding upon all parties.

In the case of a partial redemption, the relevant provisions of Condition 6(f) shall apply *mutatis mutandis* to this Condition 6(b).

The Make-whole Calculation Agent shall act as an independent expert and not as agent for the Issuer or the Noteholders.

- (c) **Residual Maturity Call Option:** If a Residual Maturity Call Option is specified in the relevant Final Terms, the Issuer may, on giving not less than fifteen (15) nor more than thirty (30) calendar days’ irrevocable notice in accordance with Condition 13 to the Noteholders redeem the Notes (or such other notice period as may be specified in the relevant Final Terms), in whole but not in part, at par, unless otherwise specified in the relevant Final Terms (their **“Optional Redemption Amount”**), together with any interest accrued to, but excluding, the date fixed for redemption, at any time during the period starting on (and including) the Residual Maturity Call Option Date (as specified in the relevant Final Terms) and ending on (but excluding) the Maturity Date.
- (d) **Clean-up Call Option by the Issuer:** If a Clean-up Call Option by the Issuer is specified in the relevant Final Terms, in the event that at least 75% of the initial aggregate principal amount of a particular Series of Notes (which for the avoidance of doubt include any additional Notes issued subsequently and forming a single series with the first Tranche of a particular Series of Notes) has been purchased or redeemed by the Issuer, the Issuer may, at its option but subject to having given not more than thirty (30) nor less than fifteen (15) calendar days’ irrevocable notice to the Noteholders in accordance with Condition 13, redeem, in whole but not in part, the Notes in that Series at par, unless otherwise specified in the relevant Final Terms (their **“Optional Redemption Amount”**), together with any interest accrued to, but excluding, the date set for redemption.

This Clean-up Call Option shall not be exercised within the 12 months following the exercise of a partial redemption by the Issuer pursuant to Condition 6(b) (*Make-whole Redemption by the Issuer*) or Condition 6(h) (*Redemption on Acquisition Event*).

- (e) **Redemption at the Option of the Issuer:** If a Call Option is specified in the relevant Final Terms, the Issuer may, subject to compliance by the Issuer with all relevant laws, regulations and directives and on giving not less than fifteen (15) nor more than thirty (30) calendar days' irrevocable notice in accordance with Condition 13 to the Noteholders (or such other notice period as may be specified in the relevant Final Terms) redeem, in whole or, if so provided in the relevant Final Terms, in part, the Notes on any Optional Redemption Date, as the case may be, at their Optional Redemption Amount as specified in the relevant Final Terms together with any interest accrued to, but excluding, the date fixed for redemption. Any partial redemption must relate to Notes of a nominal amount at least equal to the Minimum Redemption Amount to be redeemed specified in the relevant Final Terms and no greater than the Maximum Redemption Amount to be redeemed specified in the relevant Final Terms.

All Notes in respect of which any such notice is given shall be redeemed on the date specified in such notice in accordance with this Condition.

- (f) **Partial Redemption:** In the case of a partial redemption, the redemption shall be effected by application of a pool factor (corresponding to a reduction of the nominal amount of all Notes in a Series in proportion to the aggregate nominal amount redeemed), subject to compliance with any other applicable laws and stock exchange requirements.

So long as the Notes are admitted to trading on Euronext Paris or on any Regulated Market and the rules of such Regulated Market so require, the Issuer shall, once in each year in which there has been a partial redemption of the Notes, cause to be published in accordance with Articles 221-3 and 221-4 of the General Regulations (*Règlement Général*) of the *Autorité des marchés financiers* and on the website of any other competent authority and/or Regulated Market of the EEA Member State where the Notes are admitted to trading a notice specifying the aggregate nominal amount of Notes outstanding.

- (g) **Redemption at the Option of the Noteholders and Exercise of Noteholders' Options:** If a Put Option is specified in the relevant Final Terms the Issuer shall, at the option of the Noteholder, upon the Noteholder giving not less than fifteen (15) nor more than thirty (30) calendar days' notice to the Issuer (or such other notice period as may be specified in the relevant Final Terms) redeem all or part of the Notes held by such Noteholder on the Optional Redemption Date(s) at their Optional Redemption Amount as specified in the relevant Final Terms together with interest accrued to, but excluding, the date fixed for redemption.

To exercise such option the Noteholder must deposit with any Paying Agent at its specified office a duly completed option exercise notice (the "**Exercise Notice**") in the form obtained from any Paying Agent or the Registration Agent, as the case may be, within the notice period. The Noteholder shall transfer, or cause to be transferred, the Notes to be redeemed to the account of the Paying Agent specified in the Exercise Notice. No option so exercised and, where applicable, no Note so deposited or transferred may be withdrawn without the prior consent of the Issuer.

- (h) **Redemption on Acquisition Event:** If an Acquisition Event Call Option is specified as applicable in the relevant Final Terms and an Acquisition Event has occurred, the Issuer may, on giving not less than fifteen (15) nor more than thirty (30) calendar days' irrevocable notice in accordance with Condition 13 to the Noteholders within the Acquisition Notice Period (as specified in the relevant Final Terms), at its option, redeem, in whole or, if so provided in the relevant Final Terms, in part, the Notes of the relevant Series then outstanding at the Acquisition Event Redemption Amount (as specified in the relevant Final Terms), together with any interest accrued to, but excluding, the date set for redemption. Any partial redemption must relate to Notes of a nominal amount at least equal to the Minimum Redemption Amount to be redeemed specified in the relevant Final Terms and no greater than the Maximum Redemption Amount to be redeemed specified in the relevant Final Terms. All Notes in

respect of which any such notice is given shall be redeemed, on the date specified in such notice in accordance with this Condition. Concurrently with the publication of any notice of redemption pursuant to this Condition 6(h), the Issuer shall deliver to the Noteholders a certificate indicating that the Issuer is entitled to effect such redemption and certifying that an Acquisition Event has occurred.

For the purposes of this Condition:

an “**Acquisition Event**” shall be deemed to have occurred if the Issuer (i) has not, on or prior to the Acquisition Completion Date (as specified in the Final Terms), completed and closed the acquisition of the Acquisition Target (as specified in the Final Terms) or (ii) has publicly announced that it no longer intends to pursue the acquisition of the Acquisition Target.

(i) **Redemption at the option of Noteholders following a Change of Control:**

If a Put Option in case of Change of Control (as defined below) is specified in the relevant Final Terms, and if a Put Event (as defined below) occurs, each Noteholder will have the option to require the Issuer to redeem or repurchase all or part of the Notes held by such Noteholder on the Put Date (as defined below) at their Optional Redemption Amount as specified in the relevant Final Terms together with interest accrued up to but excluding such date of redemption or repurchase. Such option (the “**Put Option in case of Change of Control**”) shall operate as set out below.

(A) A “**Put Event**” will be deemed to occur if:

- (i) any person or group of persons acting in concert (within the meaning of Article L. 233-10 of the French *Code de commerce*) or any person or persons acting on behalf of any such person(s) (the “**Relevant Persons**”) (a) acquires directly or indirectly more than fifty (50) per cent. of the total voting rights or of the issued ordinary share capital of the Issuer (or any successor entity), and/or (b) acquires directly or indirectly a number of shares in the ordinary share capital of the Issuer carrying more than forty (40) per cent. of the voting rights exercisable in general meetings of the Issuer and provided that no other shareholder of such entity, directly or indirectly, acting alone or in concert with others, holds a number of shares carrying a percentage of the voting rights exercisable in such general meetings which is higher than the percentage of voting rights attached to the number of shares held directly or indirectly by such Relevant Person(s) (any such event being a “**Change of Control**”); and
- (ii) on the date notified to the Noteholders by the Issuer in accordance with Condition 13 (the “**Relevant Announcement Date**”) that is the earlier of (x) the date of the first public announcement of the Change of Control; and (y) the date of the earliest Relevant Potential Change of Control Announcement, either the Notes or the senior unsecured long-term debt of the Issuer carries from any of Moody’s France SAS (“**Moody’s**”), S&P Global Ratings Europe Limited (“**S&P**”), or Fitch Ratings Ireland Limited (“**Fitch**”) or any of their respective successors or affiliates to the rating business thereof, or any other rating agency (each a “**Substitute Rating Agency**”) of equivalent international standing (each, a “**Rating Agency**”), in each case solicited by the Issuer:
 - (x) an investment grade credit rating (Baa3/BBB-/BBB-, or their equivalent for the time being, or better), and such rating from any Rating Agency is, within the Change of Control Period either downgraded to a non-investment grade credit rating (Ba1/BB+/BB+, or equivalent for the time being, or worse) or withdrawn and is not, within the Change of Control Period subsequently (in the case of a downgrade) upgraded or (in the case of a withdrawal) reinstated to an investment grade credit rating by such Rating Agency; or
 - (y) a non-investment grade credit rating (Ba1/BB+/BB+, or their equivalent for the time being, or worse), and such rating from any Rating Agency is within the Change of Control Period either downgraded by one or more notches (for illustration,

Ba1/BB+/BB+ to Ba2/BB/BB being one notch) or withdrawn and is not within the Change of Control Period subsequently (in the case of a downgrade) upgraded or (in the case of a withdrawal) reinstated to its earlier credit rating or better by such Rating Agency;

provided that, for the avoidance of doubt,

1. any such decision of the relevant Rating Agency referred to in (x) or (y) above shall not be deemed to have occurred in respect of a particular Change of Control if such Rating Agency does not publicly announce or confirm that such decision was the result, in whole or in part, of any event or circumstance relating to such Change of Control; and
2. if at the time of the occurrence of a Change of Control neither the Notes nor the senior unsecured long-term debt of the Issuer is rated by a Rating Agency, and no Rating Agency assigns within the Change of Control Period an investment grade rating to the Notes, a Put Event will be deemed to have occurred.

(B) Promptly upon the Issuer becoming aware that a Put Event has occurred, the Issuer shall give notice (a **“Put Event Notice”**) to the Noteholders in accordance with Condition 13 specifying the nature of the Put Event, the circumstances giving rise to it and the procedure for exercising the option contained in this Condition.

The Issuer reserves the right at any time to vary or terminate the appointment of the Fiscal Agent, any other Paying Agent, the Redenomination Agent, the Consolidation Agent and the Registration Agent or the Calculation Agent(s) and to appoint additional or other Paying Agents, provided that the Issuer shall at all times maintain (i) a Fiscal Agent, (ii) one or more Calculation Agent(s) where the Conditions so require, (iii) a Redenomination Agent and a Consolidation Agent where the Conditions so require, (iv) Paying Agents having specified offices in at least two major European cities (including Paris so long as the Notes are admitted to trading on Euronext Paris and, so long as the rules of, or applicable to, the relevant Regulated Market so require), (v) in the case of Notes, in fully registered form, a Registration Agent and (vi) such other agents as may be required by any other Regulated Market on which the Notes may be listed or admitted to trading.

In this paragraph, “**business day**” means a day (other than a Saturday or a Sunday) (A) on which Euroclear France is open for business, (B) in such jurisdictions as shall be specified as “**Financial Centres**” in the relevant Final Terms and (C) (i) (in the case of a payment in a currency other than euro), where payment is to be made by transfer to an account maintained with a bank in the relevant currency, on which foreign exchange transactions may be carried on in the relevant currency in the principal financial centre of the country of such currency or (ii) (in the case of a payment in euro), which is a T2 Business Day.

- (b) **Additional Amounts:** If, pursuant to French law or regulation, payments of principal, interest or other revenues in respect of any Note become subject to withholding or deduction for any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of France or any authority therein or thereof having power to tax, the Issuer shall, to the fullest extent then permitted by law, pay such additional amounts as may be necessary in order that the holder of each Note, after such withholding or deduction, will receive the full amount then due and payable thereon in the absence of such withholding or deduction; provided, however, that the Issuer shall not be liable to pay any such additional amounts in respect of any Note to, or to a third party on behalf of, a Noteholder who is liable to such taxes, duties, assessments or governmental charges in respect of such Note by reason of his having some connection with France other than the mere holding of such Note.

Any references in these Conditions to principal and/or interest shall be deemed also to refer to any additional amounts which may be payable under the provisions of this Condition 8.

9 Events of Default

The Representative of the *Masse* (as defined in Condition 11), upon written notice of any Noteholder, will, upon written notice to the Issuer and to the Fiscal Agent by mail with acknowledgement of receipt, cause all the Notes (but not some only) held by such Noteholder to become immediately due and payable, at their Early Redemption Amount, together with interest accrued since the last Interest Payment Date (or, if applicable, since the relevant Issue Date) preceding the early redemption date and until the date of effective redemption (excluded), if any of the following events (each, an “**Event of Default**”) occurs, unless such Events of Default have been cured by the Issuer prior to the receipt of such notice:

- (a) if any amount of principal or interest on any Note (including any amount payable pursuant to Condition 8) is not paid by the Issuer on the due date thereof and such default is not remedied by the Issuer within a period of fifteen (15) days from the due date of such default; or
- (b) if the Issuer defaults in the due performance of any other material obligation in respect of the Notes and such default continues for a period of thirty (30) days following receipt by the Issuer and the Fiscal Agent of a written notice of such default; or

- (d) if the Issuer is wound up or dissolved or merges into another entity, unless such entity shall be the transferee of or successor and assumes all of the obligations of the Issuer with respect to the Notes.

10 Prescription

Claims against the Issuer for payment of principal and interest in respect of the Notes shall be prescribed and become void unless made within five (5) years from the appropriate Relevant Date in respect of them.

11 Representation of Noteholders

The Noteholders will, in respect of all Tranches in any Series, be grouped automatically for the defence of their common interests in a *masse* (the “**Masse**”).

The Masse will be governed by the provisions of Articles L.228-46 *et seq.* of the French *Code de commerce* with the exception of Articles L.228-71, L.228-65 I. 1°, 3° (only with respect to a merger or demerger with or into another entity of the Group) and 4°, R.228-63 and R.228-69, subject to the following provisions:

(i) Legal Personality

The Masse will be a separate legal entity and will act in part through a representative (the “**Representative**”) and in part through collective decisions of the Noteholders (the “**Collective Decisions**”).

The Masse alone, to the exclusion of all individual Noteholders, shall exercise the common rights, actions and benefits which may accrue with respect to the Notes, without prejudice to the rights that Noteholders may exercise individually in accordance with, and subject to, the provisions of these Conditions.

(ii) Representative

The names and addresses of the Representative and its alternate (if any) will be set out in the relevant Final Terms. Unless otherwise specified in the relevant Final Terms, the Representative shall be MASSQUOTE S.A.S. registered under number 529 065 880 RCS Nanterre, whose registered office is located at 33 rue Anna Jacquin, 92100 Boulogne Billancourt, France, represented by its Chairman.

The Representative appointed in respect of the first Tranche of any Series of Notes will be the Representative of the single *Masse* of all subsequent Tranches in such Series.

The Representative will be entitled to such remuneration in connection with its functions or duties as set out in the relevant Final Terms. No additional remuneration is payable in relation to any subsequent Tranche of any given Series.

In the event of death, liquidation, retirement, resignation or revocation of appointment of the Representative, such Representative will be replaced by its alternate, if any. Another Representative may be appointed.

All interested parties will at all times have the right to obtain the names and addresses of the Representative and the alternate Representative, if any, at the registered office of the Issuer.

(iii) Powers of the Representative

The Representative shall (in the absence of any Collective Decision to the contrary) have the power to take all acts of management necessary in order to defend the common interests of the Noteholders, with the capacity to delegate its powers.

All legal proceedings against the Noteholders or initiated by them, must be brought by or against the Representative.

The Representative may not be involved in the management of the affairs of the Issuer.

(iv) Collective Decisions

Collective Decisions are adopted either in a general meeting (the “**General Meeting**”) or by consent following a written consultation (the “**Written Resolution**”) (as further described in Condition 11(iv)(b) below).

In accordance with Article R.228-71 of the French *Code de commerce*, the rights of each Noteholder to participate in Collective Decisions will be evidenced by the entries in the books of the relevant Account Holder or the Issuer or the Registration Agent (as the case may be) of the name of such Noteholder as of 0:00 Paris time, on the second (2nd) business day in Paris preceding the date set for the Collective Decision.

Collective Decisions and decisions relating to Articles R.228-79 and R.236-14 of the French *Code de commerce* must be published in accordance with Condition 13(e).

The Issuer shall hold a register of the Collective Decisions and shall make it available, upon request, to any subsequent holder of any of the Notes of such Series.

(a) General Meeting

A General Meeting may be called at any time, either by the Issuer or by the Representative. One or more Noteholders, holding together at least one-thirtieth (1/30) of the principal amount of the relevant Notes outstanding, may address to the Issuer and the Representative a demand for convocation of the General Meeting. If such General Meeting has not been called within two (2) months after such demand, the Noteholders may commission one of them to petition the competent court in Paris to appoint an agent (*mandataire*) who will call the General Meeting.

General Meetings may deliberate validly on first convocation only if the Noteholders present or represented hold at least one-fifth (1/5) of the principal amount of the relevant Notes then outstanding. On second convocation, no quorum shall be required. The decisions of the General Meeting shall be taken by a two-third (2/3) majority of votes held by the Noteholders attending such General Meetings or represented thereat.

Notice of the date, time, place and agenda of any General Meeting will be published in accordance with Condition 13(e) not less than fifteen (15) calendar days prior to the date of the General Meeting on first convocation and not less than five (5) calendar days prior to the date of the General Meeting on second convocation.

Each Noteholder has the right to participate in a General Meeting in person, by proxy or by correspondence.

Each Noteholder or representative thereof will have the right to consult or make a copy of the text of the resolutions which will be proposed and of the reports, if any, which will be presented at the General Meeting, all of which will be available for inspection by the relevant Noteholders at the registered office of the Issuer and at any other place specified in the notice of the General Meeting, during the fifteen (15) calendar day period preceding the holding of the General Meeting on first convocation, or during the five (5) calendar day period preceding the holding of the General Meeting on second convocation.

The General Meeting is chaired by the Representative. In the event of the absence of a Representative at the start of a General Meeting and if no Noteholder is present or represented at the General Meeting, the Issuer may, notwithstanding the provisions of Article L.228-64 of the French *Code de commerce*, designate a provisional chairman until a new Representative has been appointed.

(b) Written Resolutions and Electronic Consent

Pursuant to Article L.228-46-1 of the French *Code de commerce* the Issuer shall be entitled in lieu of the holding of a General Meeting to seek approval of a resolution from the Noteholders by way of a Written Resolution. Subject to the following sentence, a Written Resolution may be contained in one document or in several documents in like form, each signed by or on behalf of one or more of the Noteholders. Pursuant to Articles L.228-46-1 and R.225-97 of the French *Code de commerce*, approval of a Written Resolution may also be given by way of electronic communication allowing the identification of Noteholders (“**Electronic Consent**”).

Written Resolution shall not have to comply with formalities and time limits referred to in Condition 11(iv)(a) above. Any Written Resolution shall, for all purposes, have the same effect

as a resolution passed at a General Meeting of such Noteholders. For the purpose hereof, a “Written Resolution” means a resolution in writing signed by or on behalf of one or more Noteholders holding together at least 75 per cent. of the principal amount of the Notes outstanding.

(c) Exclusion of certain provisions of the French *Code de commerce*

The provisions of Article L.228-65 I. 1°, 3° and 4° of the French *Code de commerce*, respectively providing for a prior approval by the General Meeting of the Noteholders (i) of any proposal to change in corporate purpose or form of the Issuer, (ii) of any proposal to merge or demerge the Issuer in the cases referred to in Articles L.236-14 and L.236-23 of the French *Code de commerce* (only to the extent that such proposal relates to a merger or demerger with or into another entity of the Group) or (iii) of any proposal to issue bonds benefiting from a security interest (*sûreté réelle*) which does not benefit to the *Masse* shall not apply to the Notes.

(v) Expenses

The Issuer shall pay all expenses relating to the operation of the *Masse*, including expenses relating to the calling and holding of Collective Decisions and, more generally, all administrative expenses resolved upon by the Collective Decisions, it being expressly stipulated that no expenses may be imputed against interest payable under the Notes.

(vi) Single Masse

The holders of Notes of the same Series, and the holders of Notes of any other Series which have been assimilated with the Notes of such first mentioned Series in accordance with Condition 12, shall, for the defence of their respective common interests, be grouped in a single *Masse*.

(vii) Sole Noteholder

If and for so long as the Notes of any Series are held by a sole Noteholder, and unless a Representative has been appointed in relation to such Series, such Noteholder shall exercise all powers, rights and obligations entrusted to the *Masse* by the provision of the French *Code de commerce*. The Issuer shall hold a register of the decisions taken by the sole Noteholder in this capacity and shall make it available, upon request, to any subsequent holder of any of the Notes of such Series.

(viii) Notice to the Noteholders

Any notice to be given to Noteholders in accordance with this Condition 11 shall be given in accordance with Condition 13(e) below.

(ix) Outstanding Notes

For the avoidance of doubt, in this Condition 11, the term “outstanding” shall not include those Notes purchased by the Issuer in accordance with French laws and regulations that are held by it and not cancelled.

12 Further Issues and Consolidation

- (a) **Further Issues:** The Issuer may from time to time without the consent of the Noteholders create and issue further notes to be assimilated (*assimilées*) and form a single Series with the Notes provided such Notes and the further notes carry rights identical in all respects (or identical in all respects save for Issue Date, Issue Price, the first payment of interest and the aggregate nominal amount of the Tranche) and that the terms of such further notes provide for such assimilation and references in these Conditions to “Notes” shall be construed accordingly.
- (b) **Consolidation:** The Issuer may, with the prior approval (which shall not be unreasonably withheld) of the Redenomination Agent and Consolidation Agent, from time to time on any Interest Payment Date occurring on

or after the Redenomination Date on giving not less than thirty (30) calendar days' prior notice to the Noteholders in accordance with Condition 13, without the consent of the Noteholders, consolidate the Notes of one Series with the Notes of one or more other Series issued by it, whether or not originally issued in one of the European national currencies or in euro, provided such other Notes have been redenominated in euro (if not originally denominated in euro) and which otherwise have, in respect of all periods subsequent to such consolidation, the same terms and conditions as the Notes.

13 Notices

- (a) Notices to the holders of Notes in registered form (*au nominatif*) shall be valid if either, (i) they are mailed to them at their respective addresses, in which case they will be deemed to have been given on the fourth weekday (being a day other than a Saturday or a Sunday) after the mailing, or, (ii) at the option of the Issuer, they are published (a) so long as such Notes are listed and admitted to trading on Euronext Paris, (x) in a leading daily newspaper of general circulation in France (which is expected to be *Les Echos*), or (y) in a leading daily newspaper of general circulation in Europe or (z) in accordance with Articles 221-3 and 221-4 of the General Regulation (*Règlement Général*) of the *Autorité des marchés financiers* and, (b) so long as such Notes are listed and admitted to trading on any Regulated Market and the rules of such Regulated Market so require, (x) in a leading daily newspaper with general circulation in the city where the Regulated Market on which such Notes are listed and admitted to trading is located or (y) on the website of any other Regulated Market where the Notes are listed and admitted to trading.

Augustin de Romanet, Chairman and CEO of Groupe ADP, stated:

"Groupe ADP recorded solid growth in its consolidated revenue. In the first 9 months of 2024, it is up +11.7%, reaching 4.6 billion euros. Over this period, we welcomed 275.1 million passengers across our entire airport network, including 78.4 million in Paris, up +3.8%, in line with the 2024 traffic hypothesis. Extime Paris Sales per pax stands at 31.4 euros, also in line with our trajectory for 2025. The solid financial performance recorded by the Group since the beginning of the year, particularly in international and retail activities, leads us to confirm all our forecasts and financial targets for 2024 and 2025, even if traffic in Paris is expected in the lower end of the growth range assumed at the beginning of the year (+3.5% to 5.0% vs. 2023).

Our achievements, since the start of the year reflect our priorities. In terms of hospitality, the 2024 summer was marked by the hosting in our Parisian airports of the delegations and spectators of the Paris 2024 Olympic and Paralympic Games. We can be proud of the commitment of Groupe ADP employees, and that of the entire airport community, who contributed to the success of this historic event. The improvement of accessibility and hospitality for all our passengers will be an essential legacy of these games for years to come.

In addition, the group has successfully completed key operations in its development strategy. With our partner GMR Group, we have finalized the operation making GMR Airports a company listed directly on the Indian financial markets, in which Groupe ADP holds a 45.7% economic interest. In addition, we have strengthened our hospitality offering with the acquisition of Paris Experience Group, creator of tourist experiences in Île-de-France, and of P/S, operator of exclusive airport terminals in the United States. These acquisitions thus extend the Extime offering beyond the Parisian airports.

Finally, we are continuing our industrial transformation and our commitment to decarbonization, demonstrated by the recent validation by the independent organization Science Based Targets initiative (SBTi), of the decarbonization objectives that Groupe ADP has set for itself as part of its 2025 Pioneers roadmap, as well as its 2050 target: net zero emissions throughout the value chain."

Parisian platforms

Reopening of infrastructure at Paris-CDG

In order to accommodate passenger traffic flows for the 2024 summer season and accompany traffic growth at Paris-Charles de Gaulle, terminals 2C and 2A have reopened on 28th May 2024, and 2nd July 2024 respectively. These reopenings mean that the Parisian airport infrastructure are fully available during summer 2024, for the first time since 2018.

The closure of terminals 2C and 2A allowed the group to carry out works to bring baggage sorters in line with the highest airport standards, as well as to reinforce border police handling capacities. Additional PARAFE gates have also been installed. Lastly, the passenger journey (boarding lounge, electromechanical equipment, signage, etc.) has been modernized.

Voluntary public concertation for "Paris-Orly 2035" project

From 26th February 2024 to 26th May 2024, Groupe ADP has conducted a voluntary public consultation on the "Paris-Orly 2035" development project for Paris-Orly. This consultation enabled the collection of the opinions of stakeholders, and in particular of local residents on the future of the Paris-Orly airport platform.

The Paris-Orly 2035 project is the embodiment of the new airport model carried by Groupe ADP's commitments to the environment and to quality of service.

The presented elements of the project, in particular investment details, timing and amounts, are working hypotheses and are likely to evolve following the consultation as well as during the future environmental authorizations procedures.

Paris 2024 Olympic and Paralympic Games [updated]

The Paris 2024 Olympic and Paralympic Games (the Games) saw Paris Aéroport become the gateway to the competition for spectators, athletes and delegations. Groupe ADP has deployed significant resources to ensure the best experience for all passengers, and a journey adapted to the specificities of Olympic traffic.

A dedicated Games command center bringing together our airline partners, the relevant government services and Paris 2024, was set up from 8th July, 2024 to 11th September, 2024 to coordinate and manage the flows relating to the Games in real time. It relied on 1,500 Groupe ADP volunteers, deployed in our airports to facilitate passenger flows and operations. 20 field exercises had been carried out to ensure the preparedness and robustness of the system.

After the Games' closing ceremonies, the delegations' departures, grouped by waves over a few days, required the implementation of exceptional measures, including the early check-in of luggage at the Olympic Village, their sealing before transfer to dedicated facilities at the airport, and their boarding onto the planes. For their part, athletes had access to a dedicated boarding lounge.

Passengers flow was optimized thanks to the testing of faster security scanners and the deployment of 50% more Parafe gates than in summer 2023, facilitating automated border control. This system was reinforced by an increased presence of Border Police personnel.

2025 tariff approval process [new]

As part of the airports fees tariff approval process, Aéroports de Paris notified on 18th October 2024 to the French Transports Regulation Authority (ART), the tariffs set for the 2025 tariffs period (from April 1st 2025 to March 31st 2026).

It is reminded that, without an Economic Regulation Agreement, tariffs are subject to the respect of two caps:

- ◆ The limitation, for airport public service activities (aeronautical till), of overall revenue from fees to the level of the costs incurred for the services provided;
- ◆ The fair return on capital employed (ROCE) of the regulated scope of Aéroport de Paris, against the weighted average cost of capital (WACC) of the same scope.

Besides, the tariffs evolution compared to the tariffs currently in force must be moderate.

Taking into account of all of these elements, Aéroports de Paris notified the ART on 18th October 2024 of a tariff proposal in which :

- ◆ For the Paris-Charles de Gaulle and Paris-Orly platforms, the average increase is +4.5, including the increase by +25% of the PRM fee⁹.
- ◆ For Paris-Le Bourget, an average increase of fees by +5.5%

The ART has two months from the date of notification to issue its decision on the approval of the tariff proposal.

⁹ Passenger assistance fee for passengers with disabilities or reduced mobility (PRM).

International platforms

Amman airport concession extended to 2039

On 10th May, 2024, the comprehensive restructuring of the concession and financing of Airport International Group (AIG), the company operating Queen Alia International Airport in Amman, Jordan, 51%-owned and fully consolidated by Groupe ADP, came into effect. The transaction includes:

- ◆ the concession extension of Amman airport, for an additional 7 years, until 2039;
- ◆ a reprofiling of AIG's loans, whose maturity is increased by 3.5 years;
- ◆ the strengthening of AIG's financial structure, with a shareholder loan.

These agreements support AIG's financial and operational stability and ability to accompany traffic growth in Jordan.

As part of the preparation of the financial statements for the first half of 2024, an impairment test was carried out, taking into account the extension of the concession and the impact of the debt restructuring. It leads to an impairment reversal, determined in particular on the basis of the traffic outlook at Queen Alia International Airport and was booked in the first half of 2024. The one-off impact of this impairment reversal on net income attributable to the group amounts to 61 million euros. In addition, all these agreements will result in a cash outflow of around 127 million euros, of which around 100 million euros in 2024, with no impact on net income attributable to the group

Completion of the merger between GMR Airports Ltd (GAL) and GMR Airports Infrastructure Ltd (GIL) [\[updated\]](#)

The merger between GIL & GAL became effective on July 25, 2024, following the filing of the order of the National Company Law Tribunal approving the merger with the Registrar of Companies.

The merger turns the holding company GMR Airports, a leading airport group in a dynamic area, into a listed company on the Indian stock exchanges (Ticker : GMRINFRA – ISIN : INE776C01039) in which, Groupe ADP now holds a 45.7% economic interest¹⁰ (composed of ordinary equity shares on one side and preference shares – OCRPS on the other side).

The transaction is a new major step after Groupe ADP's acquisition of a stake in GMR Airports four years ago, revealing its intrinsic value and bringing liquidity. Due to the merger, the Indian airport holding simplifies its capital structure, enhances its visibility and agility, and puts itself in the best position to continue to support traffic growth in its assets, pursue its ongoing airport projects and seize relevant development opportunities in Asia.

The completion of the merger will lead to a set of opposite accounting impacts, at the time of the transaction and then upon the unwinding of the FCCBs convertible bonds, with no effect on the group's cash position. Upon merger, the recognition of a non-cash charge estimated between c.400 and c.500 million euros, will thus negatively impact the second half of 2024 net income¹¹. Conversely, upon unwinding of FCCBs, at the latest in 2033, the extinction of these instruments in New GIL's liabilities will have a positive non-cash impact on Groupe ADP net income. The strategic and financial contributions of the operation as well as the description of the accounting effects are detailed in the [financial release of July 25, 2024](#).

It is reminded that, regardless of the amount of the net income for 2024, Groupe ADP's distribution policy provides for a dividend of 60% of the net result group share, with a minimum of 3€ per share.

New international terminal in Almaty

On 1st June 2024, Almaty airport in Kazakhstan inaugurated a new international terminal. With a nominal capacity of 7 million passengers, this infrastructure will more than double the airport's capacity to above 14 million passengers and convert the existing terminal into a purely domestic one. The new international terminal features 12 additional gates and 3,200m² of retail space to offer international passengers a quality duty-free experience.

Disposal of ADP Ingénierie [\[new\]](#)

On 15th October 2024, Groupe ADP has completed the disposal of 100% of the share capital of ADP Ingénierie, a subsidiary of ADP International, to Artelia, an international consulting, engineering and project management group. This sale is part of Groupe ADP's business portfolio management, aimed at maintaining an optimal mix to achieve the strategic, development and financial performance objectives it has set for itself.

GMR Airports signs a concession agreement for Nagpur Airport [\[new\]](#)

The airport, which welcomed 3 million passengers in 2023, benefits from a central position in India and will contribute to GMR Airports' growth trajectory.

¹⁰ 45.7% economic interest consisting of 3,410,614,011 ordinary equity shares and 65,111,022 OCRPS Preference Shares, conditionally convertible into 2,604,440,880 ordinary equity shares.

Merger of EPIGO and Extime Food & Beverages Paris

On 8th July 2024, Epigo and Extime Food & Beverage Paris, two companies operating catering services at Paris Aéroport whose capital is held by Aéroports de Paris and Select Service Partner (SSP), merged. The merger enables the consolidation of the operations of over a hundred sales points at Paris Aéroport.

Extime Food & Beverage Paris, the acquiring company, will continue to be consolidated by the Groupe ADP using the equity method.

Paris Experience Group and P/S acquisitions [new]

In October 2024, Groupe ADP has closed two acquisitions in the "Retail and services" activity segment : Paris Experience Group, a creator of tourist experiences in Ile-de-France, and P/S, an operator of exclusive airport terminals in the United States. These acquisitions, for a combined amount of 360 million euros in the second half of 2024, will enable Extime to extend its offering beyond the Parisian airports and boost its growth prospects in Paris and abroad.

Paris Experience Group [updated]

On 23rd October 2024, Groupe ADP closed the acquisition of 100% of the share capital of Paris Experience Group and its affiliates from its shareholders, including funds managed by Ekkio and Montefiore Investment, as well as the management team.

Organized around three main brands (Paris City Vision, Mon Petit Paris and Paris Seine), Paris Experience Group offers visits to museums and historic monuments, sightseeing tours of Paris and excursions in Île-de-France and neighboring regions, lunch and dinner cruises and private events on the Seine.

Paris Experience Group is positioned in a growth market and benefits from solid positions: long-standing links facilitating access to monuments and cultural institutions, strategic locations on the river Seine, significant BtoB commercial weight (through hotels, travel agencies, etc.), particularly on certain key markets such as the United States.

The acquisition of Paris Experience Group is aimed at enhancing Extime's value proposition to tourists for the entirety of their stay in Paris. From a "creator of unique, timeless experiences in the airside areas of Paris airports", Extime becomes now for tourists a "creator of experiences throughout their stay in Paris".

P/S [new]

On 11th October 2024, Groupe ADP completed the acquisition of 100% of the share capital of the US company P/S (ex. Private Suite) from the fund TPG.

P/S develops and operates exclusive terminals for commercial passengers and is present in 4 airports in the United States, including two airports where P/S sites are already in operation, in Los Angeles (LAX) and Atlanta (ATL).

P/S offers passengers high-end, tailor-made services: private lounges, catering & bar, spa, valet, check-in & baggage reclaim, as well as a confidential, personalized and seamless end-to-end experience, including transportation to the aircraft by airside car, security checks and border crossings on site.

P/S is positioned in an attractive and fast-expanding international market, with strong growth potential, particularly in the United States, where demand for exclusive and personalized airport services is particularly high.

This acquisition is in line with the Groupe ADP international development ambitions, and with Extime strategy, the Groupe ADP airport hospitality and retail brand, notably with its Extime Exclusive range.

Recognition of the quality of service provided by Groupe ADP in the Skytrax 2024 ranking

In 2024, 6 airports of the group are among the 100 best airports in the world in terms of service quality according to the Skytrax *World Airport Awards*.

Paris-Charles de Gaulle retains its position as the best airport in Europe for the 3rd consecutive year and is now the 6th best airport in the world (compared to 5th in 2023 and 6th in 2022). Paris-Orly continues its sharp progression, ranking 30th in the world (compared to 39th in 2023 and 46th in 2022) and is awarded Best regional airport in Europe.

Abroad, 4 other airports in the network are among the 100 best airports:

- ◆ Indira Gandhi in Delhi retains the 36th position, and remains the best airport in India and South Asia;
- ◆ Medina in 50th position (up + 2 ranks) and is nominated best regional airport in Middle East;
- ◆ Rajiv Gandhi in Hyderabad in 61st position (up +4 ranks);
- ◆ Goa, which enters the top 100, at 92nd position.

Tax on the exploitation of long-distance transport infrastructures [updated]

On 14 March 2024, Aéroports de Paris, as other transportation infrastructure operators, had filed a "*question prioritaire de constitutionnalité*" (constitutionality check) to the Conseil d'Etat regarding article 100 of Finance Law for 2024 n°2023-1322 of 29 December 2023, which established the tax on the exploitation of long-distance transport infrastructures.

On 12 June, 2024, the Conseil d'Etat referred the *question prioritaire de constitutionnalité* to the Conseil constitutionnel, considering that the conformity of the provisions with the Constitution should be analyzed by the constitutional judge.

In its decision of 12 September 2024, the Conseil constitutionnel declared the contested provisions of the Finance Act for 2024 to be in conformity with the Constitution.

2025 Pioneers strategic roadmap

Actions contributing to the achievement of the 2025 Pioneers objectives are ongoing. The review of the progress of the strategic roadmap, carried out at the end of June 2024, has led to the adjustment of four objectives to account for certain exogenous factors, such as the pace of change in certain regulatory frameworks, operational constraints linked to air navigation, the pace of renewal of airlines fleets and the absence of market opportunities. The revision made to these four objectives as well as other targets for 2025 unchanged are detailed in the [financial release of July 23, 2024](#).

Two indicators have already been achieved: on the one hand, the generalization of continuous descent procedures at Paris-CDG and Paris-Orly has been supported as much as possible by the Groupe ADP within its scope of intervention (indicator 14) and on other hand, the remuneration of 100% of employees include ESG criterion (indicator 18) within the limits of local legislation.

Decarbonization

Investment in LanzaJet to support the deployment of sustainable aviation fuels (SAF)

As part of its 2025 Pioneers strategic roadmap, Groupe ADP is gradually transforming its airports into energy hubs, capable of offering electric power, sustainable aviation fuels and low-carbon hydrogen.

With regard to sustainable aviation fuels, Groupe ADP notably intends to help initiatives supporting production and deployment worldwide.

On 16th May 2024, the Groupe ADP, through its subsidiary ADP International, announced a \$20 million¹² investment in LanzaJet. LanzaJet, an American SAF producer, benefits from a mature, proven technology that can be deployed on a large scale: the conversion of ethanol¹³ into fuel.

This strategic investment is in addition to the actions already undertaken by Groupe ADP to support the industry and accelerate the decarbonization of air transport.

Validation of Groupe ADP's decarbonization targets by independent organism SBTi [new]

On 3rd October 2024, Groupe ADP's decarbonization targets have been formally validated by the Science-Based Targets Initiative (SBTi). These targets include a 68% reduction in direct emissions by 2030 and a 90% reduction by 2035, compared with 2019, for Paris-Charles de Gaulle, Paris-Orly and Paris-Le Bourget airports. Stakeholder emissions will also be reduced by 27.5% by 2030 and 90% by 2050, with an ambition of net zero emissions throughout the value chain.

This validation is fully in line with the Group's climate strategy and its 2025 Pioneers roadmap, attesting that Groupe ADP's commitments are compatible with the objectives of the Paris Agreement, aimed at limiting global warming to 1.5°C. Concrete actions, such as

¹² Minority interest in the form of a Simple Agreement For Future Equity (SAFE).

¹³ Ethanol-to-jet.

reducing energy consumption, electrifying ground operations and preparing to welcome hydrogen-powered aircraft, support these objectives.

Over the first nine months of 2024, **revenue of aviation segment**, which relates solely to the airport activities carried out by Aéroports de Paris as operator of the Parisian platforms, was up +6.0% (+€87M) to 1,534 million euros.

Revenue from **airport fees** (passenger fees, landing fees and aircraft parking fees) was up +6.7% (+€58M), to 928 million euros due to the growth in traffic and the +4.5% average tariff increase since 1st April 2024. It includes:

- ◆ revenue from passengers fees, up +8.7% (+€48M) due to the increase in passenger traffic (+3.8%) as well as the increase of the share of international traffic (see geographical breakdown traffic on page 15);
- ◆ revenue from landing fees, up +4.2% (+€8M) due to the increase in aircraft movements (+2.4%);
- ◆ revenue from parking fees up +2.4% (+€3M) .

Revenue from **ancillary fees** is up +9.4% (+€17M), to 198 million euros, linked traffic growth and the increased tariffs.

As a reminder, the tariffs applicable for the Parisian platforms are presented on the company's website, and their changes for the tariff periods starting 1st April 2024 respectively are presented in Appendix 2 of this press release.

Revenue from **airport safety and security services** was up +6.5% (+€24M), to 392 million euros. Revenue from operating safety and security services being determined by the costs of these activities, revenue is growing at a different rate than passenger traffic.

Other income, mostly consisting in re-invoicing to the French Air Navigation Services Division of leasing for the use of terminals and other work services made for third parties are down -42.9% (-€12M), to 16 million euros. This variation is explained by the reclassification, for 17 million euros of the revenue of part of the in-terminal rental activities, now recorded in rental income, within the Retail and Services segment.

Rental income	150	119	+€31M	+26.1%
Other income	67	59	+€8M	+13.6%

Over the first 9 months of 2024, **Retail and services segment revenue**, which includes only Parisian activities was up +10.6% (+€137M), to 1,434 million euros.

Revenue from retail activities consists in revenue received from airside and landside shops, bars and restaurants, banking and foreign exchange activities, and car rental companies, as well as revenue from advertising. Over the first 9 months of 2024, revenue from retail activities was up +10.4% (+€87M), to 924 million euros, due to:

- ◆ the increase of revenue from **Extime Duty Free Paris**, up +8.5% (+€47M), driven by the increase in traffic and the number of outlets opened ;
- ◆ the increase of revenue from **Extime Travel Essentials** up +58.0% (+€51M), driven by the increase in traffic and a change in the accounting method for revenue from 1st February 2024 (see Appendix 3 of this release). With a constant accounting method (i.e., applying this accounting method to 2023 financial figures), Extime Travel Essentials revenue growth would be +9.0% (+11 M€);
- ◆ the increase of revenue from **Other Shops and Bars and restaurants**, down -22.6% (-€28M), to 96 million euros. This decrease is due to the change in consolidation method for Extime Food & Beverage Paris, which was fully consolidated in the Group's consolidated financial statements until October 2023, and accounted under the equity method since (see Appendix 3 of this release). At constant scope (i.e. excluding revenue from Extime Food & Beverage Paris in 2023), revenue from Other Shops and Bars & Restaurants revenue growth would be +28.6% (+€21M);
- ◆ the increase of revenue from **advertising**, up +47.4% (+€18M), to 56 million euros driven by particularly high demand in the run-up to and during the Paris 2024 Olympic and Paralympic Games, and to a lesser extent by the increase in traffic.

On a like-for-like basis (i.e., excluding the above-mentioned changes in accounting method and consolidation scope), **revenue from retail activities** would be up +12.3% (+€102M). It should be noted that these changes have broadly no impact on consolidated EBITDA.

Revenue from **car parks** was up +3.8% (+€5M), to 136 million euros.

Revenue from **industrial services** (supply of electricity and water) was up +2.6% (+€4M), to 155 million euros.

Rental revenue (leasing of spaces within terminals) was up +26.1% (+€31M), to 150 million euros. This increase is partly explained by the recovery of activity, as well as the reclassification, for 17 million euros of the revenue of part of in-terminal rental activities, previously recognized within Other income of the Aeronautical Activities segment.

Other revenue (primarily constituted of internal services) was up +13.6% (+€8M), to 67 million euros. The decrease of revenue from re-invoicing of studies and work relating to the SGP and CDG Express projects is offset, in 2024, by revenue from the partnership with the Paris 2024 Olympic and Paralympic Games Organizing Committee, for 17 millions euros.

<i>Other</i>	43	39	+€4M	+10.3%
Internal revenue	31	34	(€3M)	(8.8%)

Over the first 9 months 2024, **revenue from the Real Estate segment**, which includes only Parisian activities, up +3.7% (+€9M), to 251 million euros.

External revenue realized with third parties, up 5.8% (+€12M), to 220 million euros, mainly due to additional rents for buildings delivered, acquired or leased to third parties in 2023, and the effect of the contractual application of rent indexation.

Internal revenue, down -8.8% (-€3M), to 31 million euros especially due to the reduced use of offices internally, through the implementation of a new flex office organization. The space freed up in this way being intended to be rented out to third parties.

Over the first 9 months of 2024, **revenue from the International and airport developments** segment up +20.4% (+€251M), to 1,482 million euros, due to :

- ◆ Revenue from **TAV Airports** was up 25.7%, (+€252M) to 1,231 million euros, mainly due to the effect of the +11.7% growth of TAV Airports passenger traffic and price increases for services delivered. Revenue growth is driven in particular by:
 - ◆ International assets of TAV Airports, especially in Almaty, for +19.8% (+€59M) and in Georgia, for +28.9% (+€23M);
 - ◆ Turkish assets of TAV Airports, especially in Ankara, for +41.8% (+€16M) and Izmir, for +14.2% (+€10M);
 - ◆ Services companies of TAV Airports, especially Havas (ground handling), for +26.8% (+€48M), BTA (airport catering) for +11.2% (+€13M) and TAV OS (airport lounges) for +74.5% (+€57M). TAV OS revenue growth is notably driven by the scope effect of the 100% acquisition, in Q1 2024, of Paris Lounge Network, operator of airport lounges in Paris, whose accounts are now fully consolidated. Excluding this acquisition, TAV OS revenue would be up +44.6% (+€34M).
- ◆ Revenue from **AIG** is down -2.3% (-€5M), to 212 million euros, due to lower traffic in Amman (-6.4%) and despite the resilience of commercial and rental activities.
- ◆ Revenue from **ADP Ingénierie** up +88.9% (+€8M) to 17 million euros, due to contracts taking effect during 2024.

Traffic assumptions, forecasts and targets 2024-2025

As part of the 2025 Pioneers strategic roadmap communicated on 16th February, 2022, Groupe ADP has set out targets up to 2025. These targets have been built on the assumptions of no new restrictions or airport closures linked to the health crisis, of a stability of the economic model in Paris and of an absence of abnormally high volatility in terms of exchange rates and inflation rates. They have also been built on the basis of the consolidation scope at the end of 2023, with no assumption of changes up to 2025.

Approaching its 2019 traffic level in Paris and exceeding it internationally, while having already surpassed its 2019 consolidated EBITDA, the group expects to gradually return to growth rates close to those experienced before the Covid-19 crisis. In addition, the introduction of the new tax applicable to major transport infrastructure in France has an impact on the group's financial trajectory. For these reasons, Groupe ADP has updated on 14th February 2024 (see [press release](#)) its assumptions, forecasts and targets 2024 - 2025 and is returning to a selection of indicators allowing for a direct reading of the evolution of its performance, without reference to 2019.

At the date of publication of this release, the solid financial performance recorded since the start of 2024, particularly in international and retail activities, leads the group to confirm all its financial targets for 2024 and 2025, even if traffic growth in Paris in 2024 is expected in the lower end of the range assumed at the start of the year (+3.5% to +5.0% vs. 2023).

It is specified that any further changes to the assumptions on which the group's targets are based could have an impact on the volume of traffic and the 2025 Pioneers financial indicators.

Appendix 2 – Evolution of tariffs at Paris Aéroport

By its decision n°2024-001 of January 18th, 2024, published on February 12th, 2024, the ART has approved the airport fees for Aéroports de Paris for the tariff period from April 1st, 2024, to March 31st, 2025. The approved proposal translates into an average tariff increase by +4.5% for Paris-Charles de Gaulle and Paris-Orly airports, mainly driven by passenger-based charges. The changes are differentiated by fee, with an average increase by +6.7% in the fee per passenger, an average increase by +1.5% in the landing fee, and an average decrease by -0.3% in the parking fee.

For Paris-Le Bourget airport, the average increase in fees is around +5.4%, resulting from a +5% increase in landing fees, a change in the noise modulation coefficients for group 6 aircraft applicable to this same fee, a +5.4% increase in parking fees, and a +1.5% increase in fees for the provision of airport circulation permits.

Aéroports de Paris's proposal included initial changes in cost accounting, for which ART invited Aéroports de Paris to complete its analyses by the end of the transitional period on December 31, 2025. In addition, the ART confirmed that the part of the long-distance transport infrastructure tax, created by the finance law for 2024, that was included in Aéroports de Paris' tariff proposal could indeed be covered by airport fees. Lastly, in its tariff approval decision, ART specified that it had estimated the weighted average cost of capital (WACC) at 4.5% for the regulated scope.

Please note that the applicable fees are available on the company's website.

Appendix 3 – Impact of the change in consolidation method for Extime Food & Beverage Paris and recognition of Extime Travel Essentials revenue on Groupe ADP's consolidated financial statements

As a reminder, the financial statements of Extime Food & Beverage Paris, which were fully consolidated until Select Service Partner acquired a 50% stake in the company in October 2023, have since been accounted for using the equity method.

Since the launch of Extime Travel Essentials Paris, the new contract with Lagardère Travel Retail, the company's 50% co-shareholder, has led to a change in the revenue recognition method since 1 February 2024. As of this date, the Groupe ADP consolidated financial statements include all Extime Travel Essentials Paris revenue and expenses, compared with revenue and expenses net of direct costs previously.

To enable comparisons to be made between the 2024 and 2023 financial years, the following figures are presented below:

(1) A summary of the Group ADP's consolidated financial statements for 2023;

(2) The impact on the Group ADP's consolidated financial statements for 2023, assuming that the financial statements of Extime Food & Beverage Paris had been accounted for Aéroports de Paris using the equity method for the full year, i.e. using the same consolidation method as that applied in 2024.

(3) The impact on the Group ADP consolidated financial statements for 2023, assuming that the method used to recognize Extime Travel Essentials (ex-Relay@ADP) revenue and expenses is the same as that applied since 1 February 2024.

(4) An (unaudited) summary of the Group ADP consolidated financial statements for 2023, taking into account the two aforementioned impacts.

Subject to the terms and on the conditions contained in a dealer agreement dated 18 November 2024 (the “**Dealer Agreement**”) between the Issuer and the Dealers, the Notes will be offered on a continuous basis by the Issuer to the Dealer(s). The Notes may be resold at prevailing market prices, or at prices related thereto, at the time of such resale, as determined by the relevant Dealer(s). The Notes may also be sold by the Issuer through the Dealer(s), acting as agent(s) of the Issuer. The Dealer Agreement also provides for Notes to be issued in syndicated Tranches that are jointly and severally underwritten by two or more Dealers.

The Issuer will pay each relevant Dealer a commission as agreed between them in respect of Notes subscribed by it. The Issuer has agreed to indemnify the Dealer(s) against certain liabilities in connection with the offer and sale of the Notes. The Dealer Agreement entitles the Dealer(s) to terminate any agreement that they make to subscribe Notes in certain circumstances prior to payment for such Notes being made to the Issuer.

Selling Restrictions

General

These selling restrictions may be modified or supplemented by the agreement of the Issuer and the Dealer(s) following a change in a relevant law, regulation or directive. Any such modification will be set out in a supplement to this Base Prospectus.

No action has been taken in any jurisdiction that would permit an offer of any of the Notes to retail investors, or possession or distribution of the Base Prospectus or any other offering material or any Final Terms, in any country or jurisdiction where action for that purpose is required other than in compliance with Article 1.4 of the Prospectus Regulation.

Each Dealer has agreed, and each further Dealer appointed under the Programme will be required to agree, that it will, to the best of its knowledge, comply with all relevant laws, regulations and directives in each jurisdiction in which it purchases, offers, sells or delivers Notes or has in its possession or distributes the Base Prospectus, any other offering material or any Final Terms and neither the Issuer nor any other Dealer shall have responsibility therefore.

European Economic Area

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Notes which are the subject of the offering contemplated by this Base Prospectus as completed by the Final Terms in relation thereto to any retail investor in the European Economic Area.

For the purposes of this provision:

- (a) the expression “**retail investor**” means a person who is one (or both) of the following:
 - (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; or
 - (ii) a customer within the meaning of the IDD, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II.
- (b) the expression an “**offer**” includes the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe for the Notes.

This EEA selling restriction is in addition to any other selling restrictions set out above or below.

France

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it undertakes to comply with applicable French laws and regulations in force regarding the offer, the placement or the sale of the Notes and the distribution in France of the Base Prospectus or any other offering material relating to the Notes.

United States

The Notes have not been and will not be registered under the U.S. Securities Act of 1933, as amended (the “**Securities Act**”) and may not be offered or sold, directly or indirectly, within the United States of America or to, or for the account or benefit of, U.S. persons (as defined in Regulation S under the Securities Act) except in certain transactions exempt from or not subject to the registration requirements of the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act (“**Regulation S**”).

Each Dealer has agreed, and each further Dealer appointed under the Programme will be required to agree, that except as permitted by the Dealer Agreement, it will not offer, sell or deliver the Notes of any identifiable Tranche, (i) as part of their distribution at any time or (ii) otherwise until forty (40) calendar days after the later of the commencement of the offering of any identifiable Tranche and the closing date, within the United States of America or to, or for the account or benefit of, U.S. persons, and it will have sent to each dealer to which it sells Notes during the distribution compliance period as defined in Regulation S a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States of America or to, or for the account or benefit of, U.S. persons. Terms used in this paragraph have the meanings given to them by Regulation S.

The Notes are being offered and sold outside the United States to non-U.S. persons in reliance on Regulation S.

In addition, until forty (40) calendar days after the later of the commencement of the offering of any identifiable Tranche and the closing date, an offer or sale of Notes within the United States by any dealer (whether or not participating in the offering of such Notes) may violate the registration requirements of the Securities Act if such an offer or sale is made otherwise than in accordance with an available exemption from, or in a transaction not subject to, the registration requirements of the Securities Act.

- (b) the expression an “**offer**” includes the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe for the Notes.

- (ii) it has only communicated or caused to be communicated and will only communicate or cause to be communicated any invitation or inducement to engage in investment activity (within the meaning of Section 21 of the FSMA) received by it in connection with the issue or sale of any Notes in circumstances in which Section 21 (1) of the FSMA does not apply to the Issuer; and

FORM OF FINAL TERMS

[MiFID II product governance / Professional investors and eligible counterparties only target market] – Solely for the purposes of [the/each] manufacturer[’s/s’] product approval process, the target market assessment in respect of the Notes, taking into account the five (5) categories referred to in item 19 of the Guidelines published by European Securities and Markets Authority (“**ESMA**”) on 3 August 2023 has led to the conclusion that: (i) the target market for the Notes is eligible counterparties and professional clients only, each as defined in Directive 2014/65/EU (as amended “**MiFID II**”); and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a “**distributor**”) should take into consideration the manufacturer[’s/s’] target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer[’s/s’] target market assessment) and determining appropriate distribution channels.]¹

[UK MiFIR product governance / Professional investors and ECPs only target market] – Solely for the purposes of [the/each] manufacturer’s product approval process, the target market assessment in respect of the Notes, taking into account the five categories referred to in item 18 of the Guidelines published by ESMA on 5 February 2018 (in accordance with the FCA’s policy statement entitled “*Brexit our approach to EU non-legislative materials*”), has led to the conclusion that: (i) the target market for the Notes is eligible counterparties, as defined in the FCA Handbook Conduct of Business Sourcebook (“**COBS**”), and professional clients only, as defined in Regulation (EU) No 600/2014 as it forms part of UK domestic law by virtue of the European Union (Withdrawal) Act 2018 (“**UK MiFIR**”); and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a “**distributor**”) should take into consideration the manufacturer[’s/s’] target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the “**UK MiFIR Product Governance Rules**”) is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer[’s/s’] target market assessment) and determining appropriate distribution channels.]^{2 3}

PROHIBITION OF SALES TO EEA RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (“**EEA**”). For these purposes, a retail investor means a person who is one (or both) of: (i) a retail client as defined in point (11) of Article 4(1) of [Directive 2014/65/EU, as amended (“**MiFID II**”)]/[MiFID II]; or (ii) a customer within the meaning of Directive (EU) 2016/97, as amended or superseded (“**IDD**”), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II. Consequently, no key information document required by Regulation (EU) No 1286/2014, as amended (the “**PRIIPs Regulation**”) for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

PROHIBITION OF SALES TO UK RETAIL INVESTORS - The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom (“**UK**”). For these purposes, a retail investor means a person who is one (or both) of: (i) a retail

¹ To be included following completion of the target market assessment in respect of the Notes, taking into account the five categories referred to in item 19 of the Guidelines published by ESMA on 3 August 2023.

Depending on the location of the manufacturers, there may be situations where either the MiFID II product governance legend or the UK MiFIR product governance legend or where both are included.

³ To be included following completion of the target market assessment in respect of the Notes, taking into account the five categories referred to in item 18 of the Guidelines published by ESMA on 5 February 2018 (in accordance with the FCA’s policy statement entitled “*Brexit our approach to EU non-legislative materials*”).

Consequently, no key information document required by Regulation (EU) No 1286/2014 as it forms part of UK domestic law by virtue of the EUWA (the “UK PRIIPs Regulation”) for offering or selling the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

9 Yield

In relation to any Tranche of Fixed Rate Notes, an indication of the yield in respect of such Notes will be specified in the relevant Final Terms. The yield is calculated at the Issue Date of the Notes on the basis of the relevant Issue Price. The yield indicated will be calculated as the yield to maturity as at the Issue Date (as defined in the Final Terms) of the Notes and will not be an indication of future yield.

10 Stabilisation

In connection with the issue of any Tranche (as defined in “General Description of the Programme”), the Dealer or Dealers (if any) named as the stabilisation manager(s) (the “**Stabilisation Manager(s)**”) (or any person acting on behalf of any Stabilisation Manager(s)) in the relevant Final Terms may over-allot Notes or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However, stabilisation may not necessarily occur. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Tranche is made and, if begun, may cease at any time, but it must end no later than the earlier of thirty (30) calendar days after the Issue Date of the relevant Tranche and sixty (60) calendar days after the date of the allotment of the relevant Tranche. Any stabilisation action or over-allotment shall be conducted by the relevant Stabilisation Manager(s) (or any person acting on behalf of any Stabilisation Manager) in accordance with all applicable laws and rules.

11 Potential Conflicts of Interest

The Dealers and, as the case may be, the Calculation Agent, the Make-whole Calculation Agent and their respective affiliates (including their parent companies) have and/or may in the future engage, in investment banking, commercial banking and/or other financial advisory and commercial dealings with the Issuer and its affiliates and in relation to securities issued by any entity of the Group. They have or may, in the ordinary course of their business, (i) engage in investment banking, trading or hedging activities including activities that may include prime brokerage business, financing transactions or entry into derivative transactions, (ii) act as underwriters in connection with offering of shares or other securities issued by any entity of the Group or (iii) act as financial advisers to the Issuer or other companies of the Group. In the context of these transactions, the Dealers have or may hold shares or other securities issued by entities of the Group. Where applicable, it has or will receive customary fees and commissions for these transactions.

The Dealers, the Calculation Agent, the Make-whole Calculation Agent or their respective affiliates that have a lending relationship with the Issuer routinely hedge their credit exposure to the Issuer consistent with their customary risk management policies. Typically, the Dealers and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities, including potentially the Notes issued under the Programme. The Dealers and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

Potential conflicts of interest may arise between the Calculation Agent or the Make-whole Calculation Agent, if any, for a Tranche of Notes and the Noteholders (including where a Dealer acts as calculation agent), including with respect to certain discretionary determinations and judgments that such Calculation Agent or Make-whole Calculation Agent may make pursuant to the Terms and Conditions of the Notes.

12 Benchmarks

Amounts payable under the Notes may be calculated by reference to one or more “benchmarks” for the purposes of Regulation (EU) No. 2016/1011 of the European Parliament and of the Council of 8 June 2016, as amended (the “**Benchmarks Regulation**”). In this case, a statement will be included in the relevant Final Terms as to whether or not the relevant administrator of the “benchmark” is included in ESMA’s register of administrators under Article 36 of the Benchmarks Regulation, it being specified that SONIA, SOFR, TONA

and €STR are outside the scope of the Benchmarks Regulation, in accordance with the provisions of Article 2 of the Benchmarks Regulation, and their administrators are not subject to the requirements of approval or registration of the Benchmarks Regulation.
